Four Negro Girls In Church Killed By Dynamite Blast

'Most Frightening Time In History' For Birmingham

BIRMINGHAM, Ala. (AP)—Officials took extraordinary steps today to head off any new racial violence in bomb-shaken Birmingham after a dynamite blast killed four Negro girls, caused hours of terror and brought outraged protests from national Negro leaders.

The U.S. Justice Department sent in three top officials and a force of FBI agents with bomb experts. City officials joined with church leaders in a special telecast, urging citizens to be calm.

Dr. Martin Luther King Jr., a Negro leader, flew into town to urge Negroes to be nonviolent—just as he did in May when the bombing of a Negro motel touched off rioting by Negroes.

Guard On Alert

National Guardsmen were placed on alert. Gov. George C. Wallace sent 300 state troopers into town at the request of Mayor Albert Boutwell.

The Sunday morning blast at the Sixteenth Street Baptist Church occurred during a youth day program at the church where numerous desegregation meetings have been held.

It killed the four young girls and injured 23 others. Within a few hours, two Negro boys were shot to death in other parts of the city, and three other persons were wounded.

"Today has been the most frightening in the history of Birmingham," said Sheriff Melvin Bailey as violence continued breaking out despite pleas for peace.

City Is Tense

Not since integration leader Medgar Evers was shot to death at his home in Jackson, Miss., in June has the nation's Negro community reacted so strongly to racial violence.

Negro leaders called for strong federal action.

The blast was the worst of numerous bombings and other violence since Negroes began campaigning in April for desegregation.

They achieved public school integration. Its beginning last week brought some student boycotts and protests. Gov. Wallace earlier sought to block the integration, but was stymied by federal intervention.

This tense city spent a long, fearful day and night after Sunday's blast. Several fires broke out, rocks were thrown by Negroes in various sections and gunfire was reported.

At Sunday School

Sunday school classes at the church were just ending a lesson on "The love that forgives" when the explosion ripped out concrete, metal and glass.

The four girls apparently were in the lounge in the basement of the old brick church. One, Synthia Wesley, 14, was hit by the full force of the blast and could be identified only by clothing and a ring.

The others were Carol Robertson and Addie Mae Collins, 14, and Denice McNair, 11.

Even as officers were roping off a two-block area around the church — the starting place for many of the desegregation demonstrations earlier this year—civic and church leaders were crying for peace and nonviolence.

But there was no peace. Two white youths fatally shot a 13-year-old Negro boy, policemen shot to death a 16-year-old Negro and two white men were wounded by Negroes, one in a robbery attempt.

King, president of the Southern Christian Leadership Conference telegraphed President Kennedy:

"Unless some immediate steps are taken by the federal government to restore a sense of confidence in the protection of life, limb and property . . . we shall see in Birmingham and Alabama the worst racial holocaust the nation has ever seen."

The executive secretary of the National Association for the Advancement of Colored People, Roy Wilkins, wired the President from New York that unless the federal government offers more than "picayune and piecemeal aid against this type of bestiality," Negroes will "employ such methods as our desperation may dictate in defense of the lives of our people."

Bomb blasts aren't new to Birmingham Negroes, but bomb deaths are.

Twenty-two times in the past eight years, explosions have been directed at Negroes here. Sunday's was the first one that killed. In none of the blasts has there been a conviction.

Police estimated that 10 sticks of dynamite went into the bomb, apparently placed in a stairwell about four feet below ground level outside the building. Dynamite is not unfamiliar in Birmingham, a mining town.

The blast occurred while about

Staebler Says GOP In Need Of Leadership

LANSING (AP) —Michigan Republicans "are suffering schizophrenia of leadership and program-it's no wonder they're mixed up," Congressman-at-large Neil Staebler told the Democratic State Central Committee Sunday.

Staebler said confusion is "evident among Republicans both on national issues and on state programs."

"They can't agree on a fiscal reform program and they're not sure whether next year they will have a governor or a running mate for Barry Goldwater," Staebler added.

New Convention Site

Gov. George Romney's fiscal reform program, unveiled to the state legislature last Thursday, has added to the GOP confusion, Staebler said.

"Republican leaders are divided and in disagreement," he said. "They can't agree on whether to put on a state-wide income tax, allow local cities to impose an income tax, do both or nothing at all."

In other business Sunday, the Democrats decided to change the site of their spring convention from Grand Rapids to Lansing in 1964. The convention will be held in the state capital June 12-13.

Party In Debt

Stuart E. Hertzberg, Detroit attorney and chairman of the Democratic State Finance Committee, reported the party's "Project 100" fund-raising program had been extended one week from Sept. 23 to Sept. 30.

The project, headed by former Gov. John Swainson, was started earlier this year after Democratic officials reported the party was $250,000 in debt. The original goal was to raise $100,000 through $100 contributions. Hertzberg said some $52,000 has been raised so far.

All-Out Effort In 64 Urged By Republicans

MACKINAC ISLAND (AP) — Michigan Republicans wound up a three-day conference by kicking off the 1964 campaign Sunday with advice on how to win elections and influence voters.

Warned that next year's political campaign will be a tough one, some 600 Republicans returned to their homes from Mackinac Island to face the problem of how to put the advice into effect at the grass roots level.

The GOP national chairman, Rep. William Miller of New York, and Gov. George Romney joined in the effort to fire up the political troops and kindle enthusiasm for the task ahead.

Stop Quarreling

Miller told them to stop quarreling over petty differences. Romney urged an all-out effort to put Republicans into all state offices.

Further advice came from Kentucky Sen. Thruston Morton, chairman of the Republican Senatorial Campaign Committee. He said an effort must be made to run qualified men and women for every office from city hall to the White House.

Morton, a one - time National Chairman of the party, said the days are past when a candidate was "a man with a big cigar and a vest." Candidates must be able to cope with all the issues, he said.

Watch Negro Vote

The Republicans also were warned by Leo Greene of Flint, Romney's special assistant on minority group relations, that the party would suffer "exceedingly grave consequences" if it did not pay more attention to the Negro voter.

Morton told a Sunday luncheon audience that the 1964 campaign should be built upon four cornerstones — articulate candidates, efficient organization, vital issues and adequate financial support.

At a news conference, Morton scoffed at reports that he is a dark horse for the 1964 presidential nominations. He said Romney, Arizona Sen. Barry Goldwater and New York Gov. Nelson Rockefeller are the three men most frequently mentioned in Republican circles as the potential nominees.

Romney Dynamic

All three have political sex appeal, he said.

"Romney is a very dynamic figure," he observed. "When he walks into a room anywhere, people turn around to look. Goldwater and Rockefeller have it, too."

Goldwater supporters were very much in evidence during the weekend. They opened a suite in the Grand Hotel and handed out stickers and literature aimed at drafting Goldwater for the nomination.

Romney Will Meet With Tax Vigilance Group Sept. 27

DETROIT (AP)—The chairman of the Vigilance Tax Committee, Berkley Mayor George W. Kuhn, says Gov. George Romney has advised him in a letter that he will meet with the committee on Sept. 27.

"We are very happy that the governor has agreed to meet with us and discuss his tax program," Kuhn said Sunday, adding "the last was our third attempt to get him down here."

The Vigilance Tax Committee, composed of officials of Detroit's suburbs, is awaiting State Supreme Court action on forwarding its petitions to the legislature to get the tax question submitted to a vote of the people.

The petitions ask that no community should be allowed to pass an income tax without voter approval and that all local income taxes against non-residents be banned.

Mysterious TV Tube Has Bomb Experts Buzzing

SAN FRANCISCO (AP) — A mysterious object confronted police and Army bomb experts Sunday in the parking lot at San Francisco's Palace of the Legion of Honor. The thing was buzzing.

The skirmishers found it wasn't radioactive but they couldn't seem to dismantle it. So they shot it. It stopped buzzing.

The police took it in for further analysis. Inspector Jack Long, an amateur radio bug, took a look at it.

TODAY'S CHUCKLE

A hard-hit golf ball can travel 125 miles an hour. This is almost as fast as the golfer leaves the office.

Goldwater Set On Strategy Of No 'Biting'

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Arizona's Sen. Barry Goldwater tried to lay down ground rules for himself and New York's Gov. Nelson A. Rockefeller in their longing for the Republican presidential nomination: No tooth marks.

"The Democratic strategy," Goldwater said, after Rockefeller seemed to pick on him, "is to have Republicans eat Republicans and I'll be damned if I'll follow it."

Whether it's Democratic strategy or not, President Kennedy seems inclined at this point to grin at the two rivals a if hoping they'll do exactly what Goldwater says he hopes they won't.

Their maneuvers, as they get closer to the Republican convention next summer, may be enough to split the Republican party without any help from Kennedy. In fact, if he went after either man it might help the GOP chances rather than hurt them.

Besides(as a president sure of the Democratic nomination in 1964, Kennedy is still champ while Rockefeller and Goldwater are not even challengers now since at this moment neither can be sure of his party's nomination.

But Goldwater and Rockefeller, while skipping around each other rather gingerly, have been snapping at Kennedy who so far has been content to treat them with a kind of fast brush.

Sparkman Is Urging Nuclear Test Ban

WASHINGTON (AP) — Sen. John L. Sparkman called today for Senate ratification of the limited nuclear test-ban treaty, warning "if this treaty doesn't work, then a future nuclear war will in all probability 'solve' all our problems."

Sparkman, Alabama Democrat who is a senior member of the Senate Foreign Relations Committee, made his appeal as the Senate resumed debate on the pact which would ban all but underground nuclear testing.

As the historic debate moved into its second week, the votes of only 11 of the 100 senators remained on the doubtful or undecided list. Thirteen senators have announced their opposition to the treaty and 76 are committed to or are inclined to vote for ratification.

Two Thirds Required

A two-thirds majority is required for approval. If all 100 senators should vote, and that is unlikely since Sen. Clair Engle, D-Calif. is ill, 67 favorable votes would be needed for ratification.

Senate Democratic leader Mike Mansfield of Montana ordered overtime sessions in an effort to accommodate more than 20 senators who still want to make floor speeches on the treaty. Eleven want to speak today, 10 more on Tuesday.

Mansfield indicated he did not think the oratory would change many votes.

Much of Sparkman's prepared address centered on replying to a series of questions raised a week ago by Sen. Margaret Chase Smith, R-Maine. She is listed in the doubtful vote column.

Quotes McNamara

Sparkman said "there are no single factual answers available to most of the questions posed. There are only speculative answers, but answers with high probabilities, based on interpretation of available facts."

"Final resolution of most of the senator's questions would come, I fear, only from data collected after a full-scale nuclear war between the United States and the Soviet Union," Sparkman added.

On two of the major points

Missing from their homes since 10 a. m. Sunday are (from left) John Jensen, 10, son of the Raymond Jensens of 608 S. 12th St., and Charles Kobasic, seven, the son of Mr. and Mrs. Peter Kobasic of 607 S. 13th St. Search for them at noon today is being concentrated in the area of the Escanaba yacht basin.

Fear For Safety Of Boys Missing Here 27 Hours

Although there was no evidence to show that two young Escanaba boys have come to harm, authorities today expressed fear for their safety and pushed a search that began last evening.

Missing are John Jensen, 10, of 608 S. 12th St. and Charles Kobasic, seven, of 607 S. 13th St. Up to 1 p. m. today the lads have been missing from their homes for 27 hours.

The families of the boys told authorities they last saw the youngsters about 10 a.m. Sunday.

John, who entered the fourth grade at the John A. Lemmer School this year, was wearing tan shirt and pants in Army fatigue style. It was play clothes of which he was fond.

Anxiety Felt

Slim and blond, John is 4 feet 2 inches tall. He is the youngest of five children of Policeman Jensen, a veteran of 20 years on the force. He was born in Escanaba Aug. 3, 1954.

Charles Kobasic was born March 7, 1956, and entered second grade at St. Patricks' School this fall. He is the second youngest in a family of nine boys, the sons of the Peter Kobasics, who operate a grocery.

Charles has dark curly hair, is short and stocky for his age, and was wearing a red shirt and black trousers.

Anxiety for the boys began to grow when they did not return for lunch and after searching the neighborhood Policeman Jensen reported them lost to the police department at 4:37 p.m.

State Police, Sheriff's officers, members of the Conservation Department and volunteers joined in the hunt that grew in volume and intensity.

Follow Every Lead

Policeman Jensen worked with the others throughout the night. Today, his face gray and drawn, he continued the search despite the urging of other officers for him to "go home and get some rest."

Reports poured into the Escanaba police office every few minutes over the phone from persons who believed they may have seen the boys and wanted to help. Every clue is being checked out.

"We're not overlooking anything that we of others can think of," said Capt. Joseph Corcoran, who is directing the search.

He had before him on the desk a large map of the City of Escanaba. Being organized was a "block busting" search of the city, in which every building in every block in the city will be examined if that is necessary. Many old building and other locations had already been checked out.

Officers this morning investigated a report the boys were seen at Soo Hill, a community west of Escanaba. They ruled this area out of consideration after a search and questioning of residents of Soo Hill indicated the boys who had been seen there were not the two Escanaba lads.

Air And Water

Heavy fog that shrouded the countryside until mid-morning delayed the air phase of the search. The fog began to lift by about 10 a.m. and Jon Thorin Aviation plane was first in the air, followed by two planes from Marquette (Conservations Department and

Rockefeller Admits His Marriage Might Hurt His Chances

WASHINGTON (AP) — New York's Gov. Nelson A. Rockefeller says it's "realistic" to look upon his remarriage as seriously damaging his chances for the 1964 Republican presidential nomination.

"I have a very deep understanding of the reactions of individuals in this situation," he said Sunday night in a television interview—NBC's "Meet the Press." "I have no sense but one of feeling for people's concern.

"I think it is a situation which in political life is difficult."

He expanded hs views further today in an interview in U.S. News & World Report. Commenting on his divorce and remarriage he said:

Highly Personal

"I think that the reaction on that subject is a highly personal one with all people. Until such time as there is an occasion when they have to make a decision, it's hard to tell exactly what that reaction will be.

"But when an individual has to make a decision, whether it's in a convention or in the voting booth, then I think that he will bring that factor, along with all of the other factors, into balance and make a decision. The collective effort of all the people's decisions would, of course, give the answer."

He noted that the Gallup Poll now has Sen. Barry Goldwater of Arizona in the lead for the nomination, but said he believes someone else could end up with the big prize.

Goldwater Is Biding

As for Goldwater, the Arizonian said in an AP interview that if he decides to go after the presidential nomination, one of the main reasons would be his belief that as head of the ticket he could help Republicans get elected to the House and Senate in the South, Midwest and West.

"Win, lose or draw, if I were the nominee, I believe I could help get a lot of Republicans elected," he said.

Goldwater stuck to his position that he won't make up his mind until January about seeking the nomination.

Rockefeller set an earlier timetable. He said in the television interview he would announce his decision before the end of this year—perhaps in November.

Aberdeen Quintuplets Are 'Doing Fine,' Dr. Reports

Five of the now 10 Andrew Fischer family children sprawl out on their living room floor and read a newspaper account of their four new sisters and a new brother (quintuplets) born to their mother early Saturday in Aberdeen, S. D. Left to right, the "oldtimers" are Danny 7, Evelyn 4, Julie, who was 6 years old Sunday; Denise 3 and Charlotte 7. (AP Wirephoto)

ABERDEEN, S.D. AP — The Fischer quintuplets, going strong on tiny feedings of sugar water, were doing fine today as they neared the end of the 72-hour period considered critical by doctors.

The four girls and a boy may be switched to a formula diet today, Dr. James Berbos, who delivered the babies, said.

The quints were born early Saturday to Mr. and Mrs. Andrew Fischer. The babies rounded out their first 48 hours of life early today.

ABERDEEN, S.D. (AP) — The Fischer quintuplets, very tiny but extremely vigorous, rounded out their first 48 hours of life early today with good prospects for survival.

The babies born to Mr. and Mrs. Andrew Fischer early Saturday were reported doing fine.

Dr. James Berbos, who delivered the infants, said they were going strong on a diet of sugar water and may be switched to something heavier today, like a milk formula.

Parents Okeh, Too!

Late Sunday, Dr. Berbos reported that the four girls and a boy were being fed about four cubic centimeters of sugar water every two hours.

Berbos, who has delivered 3,607 children in his 16 years as a physician, said both mother and children were doing extremely well. The first 72 hours were considered to be the most dangerous for the newborn quints, but there was no sign of trouble.

Gifts of money and merchandise continued to pour in for the family, and Dr. Berbos added one of his own.

"I don't think I'll charge them anything," Berbos said. He indicated that St. Luke's Hospital, where the infants were born, also would forget about a bill.

Dr. Berbos told a news conference that he hadn't delivered any more babies since the birth of the quintuplets.

Looking at a score of newsmen crowded into the hospital lounge, Berbos smiled and said: "They've all been scared off."

Fischer and three of his other five children attended Mass Sunday at Sacred Heart Roman Catholic church, escorted in and out by a platoon of reporters and photographers.

Thinking Of Names

It wasn't far away from birthday time for any of the three youngsters. Julie was 6 Sunday, Charlotte will be 7 Wednesday and Danny will be 8 Oct. 5. The other Fischer children are Evelyn, 4, and Denise, 3.

While the father and Dr. Berbos were busy with periodic news conferences in the hospital cafeteria Sunday, Mrs. Fischer rested in her third-floor room and tried to think of names for the four girls. They all were named Mary but have no second names. The boy was named James Andrew.

Roman Catholic Bishop Lambert A. Hoch chartered a plane from Sioux Falls Saturday to baptize and confirm the quints as they lay in their Isolettes, kept comfortable by controlled heat, humidity and oxygen.

Quintuplets occur only about once in 42 million births. Of the three previous quintuple births in the United States, none of the children survived infancy.

Escanaba Banking Volume Gains 6%

Escanaba held second place in the volume of banking business in the Upper Peninslua in August by a narrow margin over Sault Ste. Marie, according to reports of the Federal Reserve Bank of Minneapolis.

The August total for Escanaba was $16,086,000 compared to $15,229,000 for the same month a year ago and a gain of 6 per cent.

Sault Ste. Marie's total for the month was $16,030,000 and a gain of 6 per cent over last year also.

First place in the Peninsula continued to be held by Marquette with $22,815,000 for August. This was 10 per cent over the $20,757,000 for August a year ago.

The reports of the Federal Reserve Bank of Minneapolis are based on bank debits which, for the most part, are checks against depositors' accounts and thus represent payment for goods, services, debts and so forth. The bank debits figures are generally regarded as an index of the business volume of an area and the condition of the local economy.

For the year to Sept. 1 Escanaba's banks show bank debits totaling $119,258,000. This is a slight gain over last year for the same period.

Marquette shows a gain of 10 per cent for the year and Sault Ste. Marie 4 per cent. Greatest gain for the year in any Upper Peninsula city was Ishpeming with 28 per cent, the result of a recovery from a severe slump of the past couple years. Ishpeming's August gain was 27 per cent.

Other U.P. cities and their gains for the year: Houghton—$56,539,000 up 15 per cent, Norway $22,986,000 up 12 per cent, Calumet $47,412,000 up 9 per cent, Hancock $41,991,000 up 2 per cent, Iron Mountain $97,411,000 up 6 per cent, Manistique $32,638,000 up 2 per cent, Menominee $61,808,000 up 3 per cent.

Washington PTA Opening Meeting Tuesday Night

The Washington School PTA will hold its first meeting Tuesday, Sept. 17, at 8 p. m., in the school meeting room.

Joseph LeDuc, principal, will introduce the teachers and Mrs. Chet Marrier will introduce PTA officers, during the get-acquainted hour.

Mrs. Olive Petersen will have charge of the membership drive. Members are reminded that the Gold Bond stamp project will be resumed.

Lunch will be served by mothers of Mrs. Alta Cass' second grade, with Mrs. Nyle Nelson, chairman.

Band Program Sunday At Delta Nursing Home

A three-piece band presented a one-hour program to patients at the Delta Nursing Home on Sunday afternoon, which was very well received.

The presentation was made possible through Musicians Local 663 and was paid for from the Music Performance Trust Fund of the recording industry.

A similar program is contemplated during the fall.

15 Killed On State Roads In Weekend

By The Associated Press

Fifteen persons were killed in automobile traffic during Michigan's balmy, mid - September weekend.

The victims included a retired Florida minister and his wife, killed in a head-on collision of two cars while visiting their former Owosso home.

William L. Talbot, 79, and his wife, Orpha, 66, of Lynn Haven, Fla., lost their lives in a crash on M 79 about seven miles west of Owosso Saturday night.

An autopsy was ordered to determine whether Talbot suffered a heart attack before the crash. Sheriff's men said he apparently tried to pass another car before the collision. His car collided with one driven by James Van Dyne, 19, of Ovid. Van Dyne was injured.

The Associated Press tabulation of deaths began at 6 p.m. Friday and concluded at midnight Sunday.

Keith Arbuckle, 52, of Sault gste. Marie, died Friday night when his auto overshot the Sugar Island ferry and plunged into the gst. Mary's River at Sault Ste. Marie.

Joyce Kilmer's Treet To Be Cut Down Wednesday

NEW BRUNSWICK, N.J. (AP)—The huge white oak believed to have inspired Joyce Kilmer to write "Trees" will be cut down Wednesday, a victim of old age.

The tree's demise sounds a sad note for Rutgers University, site of the oak, and for those who say it was the tree Kilmer had in mind when he wrote the poem.

Others say the tree that inspired Kilmer is elsewhere. Mahwah, a community in northern New Jersey where the poet lived four years, contends Kilmer wrote of the trees that shaded his home there.

In Montague City, Mass., they tell how Kilmer wrote "Trees" after seeing a spreading maple in the yard of an old mansion. In Swanzey, N.H., 25 miles north of Montague City, it's thought the late poet penned "Trees" while viewing a group of maples during a vacation.

Belief that the gnarled oak at Rutgers was the tree of "Trees" has grown over the years.

However, a university spokesman admits: "We can't prove it the one Kilmer had in mind. But then, who can prove an inspiration?"

The legend is that as a boy in New Brunswick and as a student at Rutgers, Kilmer sat under the sprawling oak, its branches spanning more than a hundred feet in near-perfect symmetry. He left here in 1906.

"Tree" appeared in 1913 in a literary magazine, while Kilmer was living in Mahwah.

Hospital

Patients admitted to st. Francis Hospital over the past weekend included: Mrs Martha Friets, Bay View Location; Lazor Potvin, Rte. 1, Rapid River; Thomas Olson, 606 Stephenson Ave.; Sandra Rodgers, 237 N. 9th St.; Mrs. Derek White, 319½ N. 18th St.; Gerald Cousineau, 812 N. 20th St.; Sarah Cassidy, 1017 S. 12th St.; Edith Milkiewicz, 306½ Stephenson Ave.; Robert Bergstrom Jr., Bark River; Rodney Hill, Old State Road; Mrs. Viola Anderson, Chesagoity, Minn.; Mrs. Carl Anderson, Rte. 1, Ensign; Mrs. George Chaillier, Rte. 1, Escanaba; Mrs. Albert Deiter, 1405 N. 20th St.; Mrs. Hubert Casey, 1604 Washington Ave.; Mrs. Fred Picard, Rte. 1, Escanaba; Mrs. Hugh Harris, Rapid Riber; and John Frederickson of 713 S. 15th St.

4 Negro Girls Are Killed By Dynamite Blast In Church

(Continued From Page 1)

200 persons were in the church, including about 80 in basement classrooms. The explosion hurled chunks of concrete, twisted metal and shattered glass against nearby buildings. Several cars parked near the church were damaged. The street and sidewalks were so thickly covered with pieces of glass it was impossible to walk without stepping on it. Much of the glass came from windows in a nearby building—used for businesses and rental rooms.

A few rocks were thrown, but there was no serious disorder around the church, with the police riot squad and a riot tank on hand. The Negroes dispersed when policemen fired several rounds into the air from shotguns and rifles.

Two Others Killed

There was trouble elsewhere, though.

In suburban Sandusky, 13-year-old Virgil Ware, a Negro, allegedly was shot to death by two white youngsters on a motor scooter.

Johnnie Robinson, 16, was shot and killed by police officers who said they intended to shoot over his head after he threw rocks at their car.

Two major fires broke out, both in Negro residential areas. A Negro house burned in suburban Ensley.

Boutwell, the mayor, wept when he learned of the bombing. He had been seeking racial peace since he took office in May after defeating staunch segregationist Eugene (Bull) Connor.

Gov. Wallace said in a statement: "The entire forces of the state will be utilized to maintain law and order." He said he hoped the bombers were caught, and offered a $5,000 reward.

Immigrants

During the year ended June 30, 1962, 286,763 aliens were admitted to the United States as immigrants for permanent residence, according to the Britannica Book of the Year.

Rotary District Governor Coming

Michael J. Anuta, Menominee attorney and governor of Rotary District 622, is in Escanaba this evening and Tuesday on an official visit to include an address to the membership of the local club at luncheon Tuesday noon at the House of Ludington.

Robert Mosenfelder, president of the Escanaba Rotary Club, said that officers, committee chairmen and new members of the local club will meet with Anuta this evening at 7:30 at the House of Ludington in a club assembly. Activities of the Escanaba club will be reviewed with the district governor.

Escanaba is one of 36 Rotary Clubs in the district composed of areas of Northern Wisconsin and the Upper Peninsula.

Anuta is judge of the municipal court of Menominee and practices law there. As Deputy Wing Commander of the Wisconsin Wing Civil Air Patrol for the northern area of Wisconsin, he has the rank of a Lt. Col. and flies his own plane. Mrs. Anuta will accompany Governor Anuta.

He was elected a district governor for 1963-64, and is one of 272 district governors responsible for supervising the activities of more than 11,500 Rotary clubs with a total membership of 536,000 Rotarians in 129 countries around the globe.

"The visit of the governor," said President Mosenfelder, "is a time for examining the effectiveness of what we are doing to achieve Rotary ideals and goals in community improvement, in youth work, in raising the standards of our businesses and professions, and in doing what we can as a Rotary Club and as individual Rotarians to help further International understanding."

This year this District is matched with District 435 which includes Venezuela, Surinam and British Guiana for the purpose of specifically relating one District to another. Wherever possible, Rotarians from such matched Districts will visit each others District. Anuta plans to visit Venezuela next February on behalf of the local district.

Michael J. Anuta

Births

BARR — Mr. and Mrs. Robert R. Barr, 313 S. 9th St., are the parents of a son, Jeffrey Scott, their first child, born at St. Francis Hospital Sept. 13 at 2:47 p.m. The infant's weight was 8 pounds and 11 ounces. Mrs. Barr is the former Bonnie Good.

JOHNSON—A son, John David, is the fourth child of Mr. and Mrs. Harry J. Johnson, Gladstone Rte. 1. The infant, born at St. Francis Hospital Sept. 15 at 12:50 a.m., weighed 6 pounds and 15 ounces. Mrs. Johnson was Lois Sturdy.

OLSON — Mr. and Mrs. Robert R. Olson, 606 Stephenson Ave., are the parents of a son, their third child, who weighed 6 pounds and 5 ounces at birth Sept. 15 at 4:10 p.m. at St. Francis Hospital. The baby has been named Kenneth James. The mother is the former Eiko Onohara.

HAWKINS — A daughter, Debra Ann, was born to Mr. and Mrs. Ronald F. Hawkins, 12th St., Gladstone, today, Sept. 16, at 1:14 a.m. at St. Francis Hospital. The baby, second child in the family, weighed 7 pounds and 2 ounces. Doris Belangie is the mother's maiden name.

WINLING — Mr. and Mrs. Russell B. Winling, 1229 N. 22nd St., are the parents of a daughter, their first child, born at St. Francis Hospital today, Sept. 16, at 7:25 a.m. The infant, Deanna Kay, weighed 8 pounds. Mrs. Winling was Carol Bisson before her marriage.

Taureg men, not the women, wear veils and keep their faces covered day and night. They pass food underneath them when eating.

U. Of M. Awards Degrees To Two From This Area

The University of Michigan has awarded 1,169 degrees at the end of its summer sessions, among them two students from this area.

Miss Caroline J. Schaut of Escanaba Rte. 1, received a Bachelor of Music degree.

Gerald D. Nelson, 236 Weston Ave., Manistique, received the Master of Arts degree.

Legion To Give Classroom Flags

Cloverland Post 82 of the American Legion will complete their arrangements for presentation of 60 class room flags for the Escanaba Area High School, when they meet this evening in their clubrooms.

The presentation will be made by the Escanaba Post during a pep assembly in the gymnasium at the school on Friday at 11:30 a. m.

Following tonight's meeting the Ladies Auxiliary will serve lunch.

Oldest continuously inhabited city in the world is Damascus, Syria, dating back 6,000 years.

Reward Is Offered For White Leaders Who Beat Negroes

ANNISTON, Ala. (AP) — A $1,000 reward has been offered for the arrest of the leaders of a gang of white persons who beat two Negro clergymen on the steps of the public library.

Mayor Claude Dear posted the bounty Sunday night after meeting with a group of Negro ministers.

An estimated 100 white assaulted the Nebroes with fists and feet Sunday afternoon. One of the assailants used a chain, police said.

The ministers—the Revs. Quintus Reynolds and W. B. McClain—were members of a recently-organized biracial committee to advise the city commission on community problems such as segregation.

A white minister, the Rev. J. Phillips Noble, chairman of the biracial group, indicated that Reynolds and McClain planned to use facilities of the heretofore white library.

Both men were treated and released from a hospital.

Pope Paul Urges Ecumenical Success

VATICAN CITY (AP) — Pope Paul VI called Sunday upon a crowd of 20,000 in St. Peter's Square to pray for the success of the Roman Catholic Ecumenical Council.

Pope Paul described the council as "a great exploration to promote world peace." The council, summoned by the late Pope John XXIII, will resume deliberations in two weeks.

Now Many Wear FALSE TEETH With More Comfort

FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, gooey, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Handicapped Girl Develops Skill As Portrait Colorist

By PEGGY MUNSON

Is it instinct with a handicapped person to be warm, determined and courageous? How does it happen that someone afflicted with a physical handicap also seems to give a cheery smile and friendly word that can make you feel that God has been truly wise in his balance of human nature?

These questions may have no answer, but there is a person who is living proof that this is true. She would easily fall into the category of one who does well with what she both has and hasn't. Miss Donna Lanaville of Wilson was afflicted with rheumatoid arthritis in early childhood and had very limited motion at all joints. Her life was passing by in a wheelchair until her uncle devised a special crutch that would enable her to walk. This was in 1949 and the crude apparatus was wooden sticks, such as regular crutches with a bar in front for support. From the original design the doctors in Marquette produced her present aluminum crutch with molded fiber glass armrests and with these she maneuvers very well.

Lived In Escanaba

Donna is 23 and has received medical care with the Crippled Children Commission since 1945. Between hospitalizations she attended the orthopedic room in Escanaba and received regular physical therapy.

While in Escanaba, she stayed with Mr. and Mrs. Charles Javurek, 412 S. 18th St., whose daughter Mary Ann attended school with Donna. The girls struck up a lasting friendship and Mrs. Javurek explained that "Donna is a wonderful girl. She is considered as one of our family and is always welcome in our home."

At John Lemmer and Escanaba Junior High School Donna acquired a love for sketching and has developed a fine taste and precision in art. Then she hit upon an idea . . . one that turned out to be the answer to many problems . . . why not study portrait coloring as a profession?

With the help of the Division of Vocational Rehabilitation, Michigan Department of Public Instruction, Donna set out for six months of study at Preston's House of Portraits in Escanaba. The beginning stages were hard and tedious but because of her willingness to learn, her work soon became very satisfactory and she is now more than qualified to work for any studio.

More Convenient

While she was learning Donna had to stand for the entire half day of study because the working area would have been too high for her wheel chair, but a little thing like that wasn't going to stop her. Now that her work will be done in her home her father has built a convenient work table in her room to make the job even easier.

Besides her work, Miss Lanaville keeps busy sewing, she makes some of her clothes and also knits. She likes to knit, especially for her two favorite friends, Brenda and Pierre, a pair of lovable white toy poodles. "They're just like babies," Donna explained. "They cry and require a lot of attention. I clip them myself and have to discipline them if they go out on the road. They know I can't chase them but the tone of my voice is enough to bring them back."

The Lanavilles live in Jam Dam, which Donna describes as "sort of a suburb of Wilson." Her parents are Mr. and Mrs. Mose Lanaville. She is a member of the Seventh Day Adventist Church and her beautiful soprano voice adds much to the services. She has also soloed at several weddings.

Donna likes to cook too, her idea of the perfect meal would either include spaghetti or chicken . . . "I love chicken" she added.

Donna Lanaville, after studying for six months at Preston's House of Portraits, has become a very qualified portrait colorist. Despite her physical handicap Miss Lanaville does work comparable to any others in her field. She is the daughter of Mr. and Mrs. Mose Lanaville of Wilson. (Preston's Photo)

Mrs. Bell Dies

WASHINGTON (AP)—Mrs. Brian Bell, 70, widow of a widely known Associated Press executive, died Sunday of a heart attack at Nantucket, Mass. Bell at the time of his death in 1942 was chief of the AP Washington bureau.

'Breaking Point' Debuts Tonight

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—Six new series made their television debuts over the weekend, marking the opening of the fall season. Undoubtedly one program of great general interest was "100 Grand," a quiz show in the old tradition, which moved into ABC's schedule Sunday night.

Unhappily, however, the whole thing seemed a dreary, frenetic bore.

The 90-minute "Arrest and Trial," also an ABC Sunday night entry, proved a very satisfactory pair of stories involving the same central character. The situation—a tough guy mixed up in a cop killing—was familiar but the acting and the production were superior.

"Harry's Girls," a half-hour comedy about a hoofer traveling around Europe with a troupe of three pretty girls—NBC's Friday night entry—was pretty thin stuff.

"The Lieutenant," on NBC Saturday night, is obviously designed for the young audience. This one centers on an earnest young Marine lieutenant, played by Garry Lockwood. If you like Annapolis and West Point movies, you'll like this.

Another ABC show, obviously designed for Sunday evening family viewing, is "The Travels of Jaimie McPheeters." It's an adventure yarn set in 1849 with a 12-year-old as the central character.

Imogene Coca's "Grindl" also had its premiere show on NBC.

Tonight's debuts are "The Outer Limits," ABC's series with science fiction themes (7:30-8:30 EDT) and "Breaking Point" (10-11) a series about a team of psychiatrists and their patients. In addition, ABC's "Wagon Train" returns, expanded to 90 minutes and at a new day and time spot—8:30-10. NBC plans a special news show "The Loyal Opposition," with interviews with Sen. Barry Goldwater and Gov. Nelson Rockefeller (10-10:30).

Cuban Spying For U. S. Is Executed

HAVANA (AP) — A Cuban accused of spying for the United States has been executed by a firing squad.

The newspaper El Mundo identified him as Benjamon Acosta Valdes. It said he was arrested while transmitting information by radio to an espionage center in Miami, Fla. The sentence was carried out Saturday.

Population Gain Projection Risky

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Next to guessing what the stock market is going to do perhaps one of the chanciest business gambits is charting a course to fit expected population changes.

Yet much of the planning for the rest of this decade is based on just this.

Grow the population doubtless will. But that it will grow as fast as it has been may be far less of a sure thing than the statisticians are saying.

Still, much of the construction and consumer goods industries are doing their planning with expected marriage rates and birth rates in mind. Future school needs, jobs, incomes, spending, highways—all will be affected a decade or so hence by the marriage and birth rates of the 1960s.

These rates in the 1940s and 1950s have posed many of today's problems. During the war, and even more in the years right after it, the birth rate went up sharply. Young people wanted to marry earlier and to have larger families than had their parents in the 1920s, and especially in the depressed 1930s.

This wave of children crowded the schools, and now is starting to overflow the job markets. Early marriages and big families boomed the home building industry—and the food industry—and made the two-car families commonplaces.

The problems from this population explosion will continue and increase—the need for more jobs and more homes and more consumer goods and more parking places.

But many statisticians have charted far into the future on the belief that the curve will continue at the same rate—that early marriages and big families will be in fashion indefinitely.

Perhaps. But a slow down in the marriage rate (percentage of eligibles) has been noted and, more significant perhaps, a trend toward smaller families.

The total of marriages is sure to rise as today's hordes of teenagers reach their twenties. The total of births in the United States undoubtedly will increase, too.

But the thing that the business and government planners can't be as sure of as many of them seem to be today is the rate per thousand.

It is that marriage rate, that birth rate, that will determine how many more thousands of children there will be to educate, families to feed, to house, to clothe, ultimately to find jobs for.

Leon Gavin Dies

WASHINGTON (AP)—Leon H. Gavin, 70, a Republican representative in Congress from Pennsylvania's 23rd District since 1942, died Saturday of a cerebral hemorrhage.

Woman Rescued, 10 Days Adrift; Husband Perishes

JACKSONVILLE, Fla. (AP) — "He kept asking for water. He became delirious after about three days. Then he was gone."

That's the way Mrs. Stuart L. Slade described the death of her husband as they drifted aboard their disabled cruiser.

A small, wiry woman with a deep tan, Mrs. Slade was rescued after 10 days adrift in the leaky cabin cruiser. The last three days were spent beside the body of her husband.

The tanker Perryville rescued Mrs. Slade Saturday. A Coast Guard cutter attempted to take the cruiser in tow, but it sank, with Slade's body. Mrs. Slade reached Jacksonville Sunday night.

The tanker spotted the cruiser, Crystal, about 120 miles northeast of Jacksonville. The Slades had left Miami for the Bahamas, but 20 miles from Miami the engine quit and they drifted northward with the Gulf Stream.

Romney Under Fire

Governor George Romney has been getting his lumps since he announced his proposals for state tax reform to the Michigan Legislature last Thursday.

Many Republican Legislative leaders have said they'll fight his proposal for an income tax to the death. Educators were very cool toward the plan because it wouldn't provide more money for education. And Mayor Cavanagh of Detroit used his biggest propaganda cannons against both the plan and Romney because it would cut into Detroit's city income levies.

The vehemence of the opposition to the proposals is reported to have been a surprise to the Governor's staff, but it needn't have been. It was an act of great courage — and case-hardened old pols would probably say "and political foolhardiness" — to have proposed that a new tax structure be introduced in Michigan in a year of prosperity and income surplus. But Romney had said he'd work to correct the tax inequalities of the state and he's keeping his word.

* * *

The first reaction needn't be accepted as the final one on the tax plan. Everyone opposes change, but it does go on. The Romney plan has been raked for its effort to help business in Michigan (on which the state counts for all those jobs it needs) but there's a good deal of the Poor People of Paris theme in the package too; of aid to the little fellows who get a real husky swat in the neck from the state's tax axe at present.

At the GOP meeting on Mackinac Island on Friday a manufacturer's representative from Kalamazoo gave it as his businessman's opinion that Romney's plan was Marxist. An angered Romney properly asked if his critic considered the Bible Marxist. (Karl Marx urged state ownership of the means of production.)

* * *

The incident is meaningful only in showing that a Republican and a businessman can get pretty excited about an effort to improve Michigan when it affects him. Romney, in defending his tax proposals, said that they were made with no thought of their effect upon his political future — and that he had no political ambitions. This is a repetition of his frequent remark that he isn't running for President, but trying to be a good governor.

This takes some doing and Romney, while constantly reminded by the political writers that his presidential chances will be injured if Michigan doesn't adopt his tax plan, should know that Americans, when they elect a president, seek a man with vision and courage. If he's a winner, that's a bonus, but a defeated fighter is preferable to an undefeated do-nothing.

The Doctor Says:

Cleft Palate Wonders

By Dr. Wayne G. Brandstadt, M.D.

An 18-year-old girl writes that she was born with a cleft palate, which was corrected by operation when she was 6. Her problem now is that, although she can swallow normally, she has an unpleasant nasal voice. This is a common occurrence.

Cleft palate is found in about one of every 750 babies, and is the result of a failure in the embryo of the right and left halves of the palate to fuse. This may involve the soft palate alone, or both the hard and soft palates. Although in about 20 per cent of these babies there appears to be a hereditary factor, in the remaining 80 per cent no cause is found.

At Northwestern University in Chicago the Cleft Lip and Palate Institute has been working on this problem for many years. They have found that, as with many other medical problems, the best results are obtained with a team approach.

In this case the team consists of a plastic surgeon, an orthodontist (dentist who straightens the alignment of the teeth), prosthodontist (who makes dental and palatal plates), pedodontist (who has special knowledge of children's dental problems), speech therapist, and a nose and throat specialist.

The results, although truly miraculous, are not accomplished overnight. They may require 10 years to achieve.

Similar teams are now operating in many parts of the country.

Ingeniously contrived speech appliances have been fitted to many of these victims who, like my reader, have had an operation which accomplished only part of the job.

To be able to swallow is very important to a baby's development, but the ability to talk normally is equally important for the development of the adult personality.

All too often the inability to speak plainly is interpreted as a lack of intelligence. Nothing could be further from the truth when cleft palate is the cause.

Plastic surgeons are now perfecting operations that can correct both the swallowing and the speech disorders, eliminating the need for an artificial palate. Even persons whose deformity was neglected in childhood can be helped after they attain adulthood.

It is, of course, better to correst cleft palates early in childhood. One 4-year-old child, after her palate had been repaired, was greatly helped to improve her speech through the efforts of a patient and understanding mother. This mother had her blow out candles and play games that involved blowing a feather, as well as practice pronouncing difficult words properly.

If your child has a cleft palate, this will be a handicap only if you let it be.

Q—My 4-year-old granddaughter has asthma. Would her diet have anything to do with the severity of her attacks? If so, what kind of food should be kept from her?

A—Asthma has many causes, which include inhalants such as animal dandruff, pollens, house dust and, in some persons, foods. Only by careful studies can the exact cause be determined.

If the cause is an inhalant the diet will not influence it.

If it is a food, she will have to avoid any preparation that contains the offending ingredient.

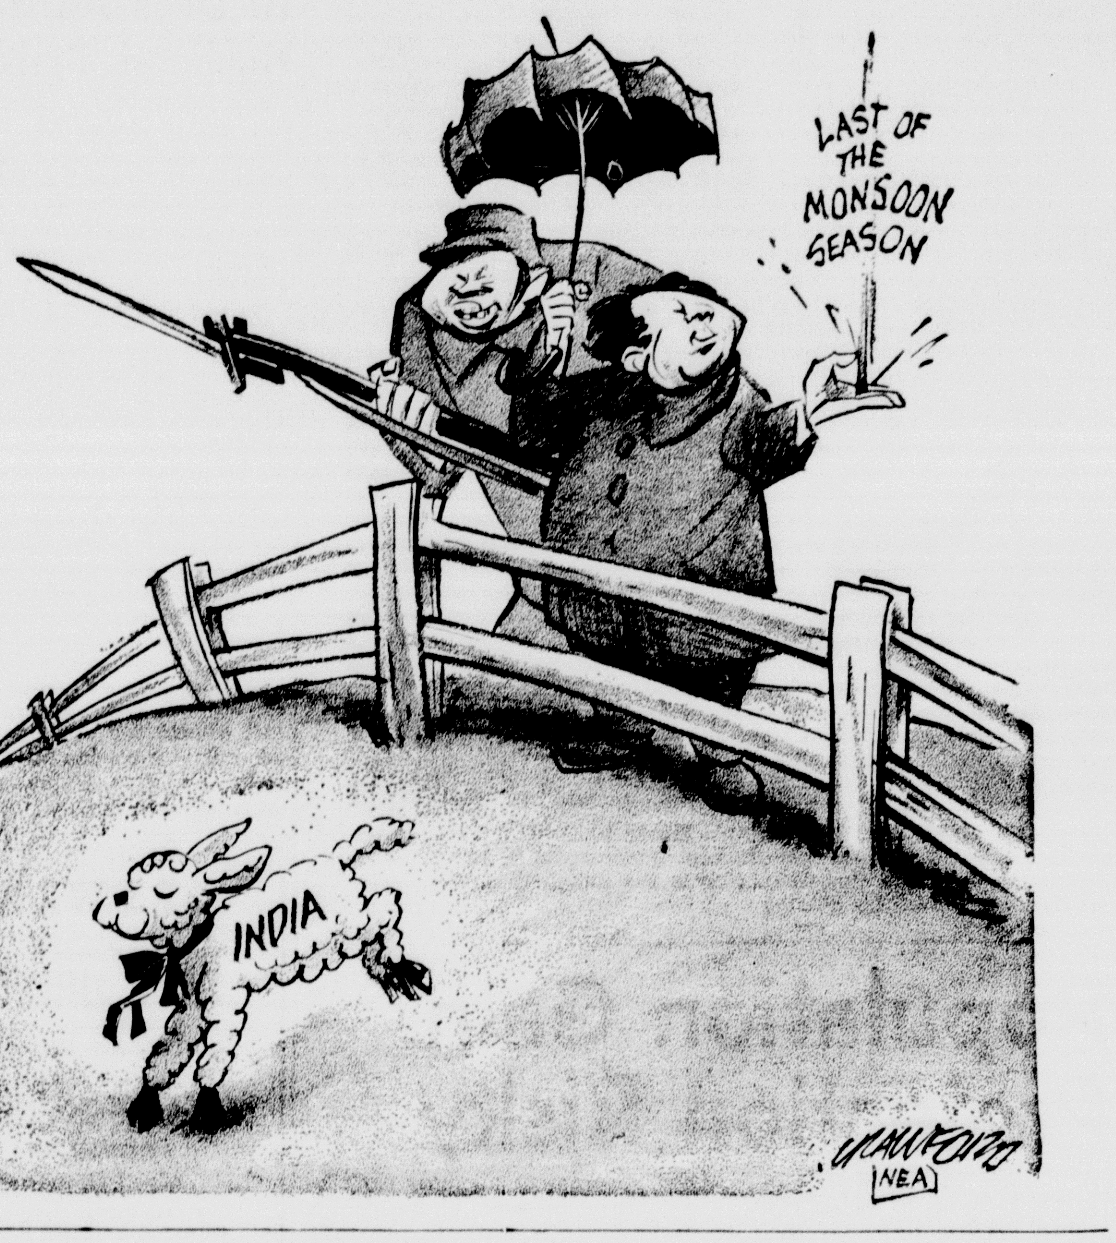
Fair and Warmer



LAST OF THE MONSOON SEASON
INDIA
CRAWFORD
NEA

Edson In Washington

By PETER EDSON

WASHINGTON—(NEA)— First tests on how much Soviet Russia may have changed its tactics if not its strategy for the cold war will be shown at the 18th United Nations General Assembly convening in New York Sept. 17.

Assistant Secretary of State Harlan Cleveland, in charge of international organization affairs, sees a few straws in the winds of change.

This may be an indication that the Kremlin finally has realized that the underdeveloped countries, the United States and the rest of the non-Communist world find much good in the U. N. and see a future for it in a world of peace.

Up to a year ago, the Russians opposed everything about the United Nations. When former Secretary General Dag Hammarskjold was killed in a Congo plane crash, the Russians expressed condolences for the man, but had no good word for his office. Grumpily, they accepted U Thant as his successor.

* * *

What the Russians realy wanted was their "troika" principle of neutral, non-Communist and Communist administration in the U. N. to be substituted for a one-man secretary generalship. They wanted three undersecretaries in control of every U. N. agency, giving the Communists veto power over all programs.

When only a few non-Communist countries supported the Communist bloc on this reorganization plan, the Russians abandoned it. But they still opposed U. N. peace-keeping efforts in the Congo and elsewhere, and they boycotted all such operations financially.

In recent months, however, the Russians have changed their tune. Russia's Chairman Nikita Khrushchev proposed that U Thant and the U. N. organization verify removal of Russian missiles from Cuba. It was Cuba's Fidel Castro who blocked that.

The Russian thanked U Thant for his services, however. And for the past year they have refrained from criticizing him. They invited him to Moscow for the test ban treaty signing.

* * *

When the Yemen case came before the Security Council earlier this year the Russians did not follow their previous standard operating practice of vetoing what was essentially another U. N. peace-keeping operations.

Change of policy may not have been the deciding factor in this case, though. Maybe it was just that the U. N. mission to Yemen was financed by the United Arab Republic and Saudi Arabia. It didn't cost the Russians a ruble.

In the more recent Security Council consideration of South African apartheid policies, it was noteworthy that the Russians refrained from their usual practice of beating the United States over the head for its racial problems

Such an attack had been anticipated. Text for a speech had been prepared to answer the Russians if they should raise the issue.

It never had to be delivered, Chief Soviet delegate Nikolai T. Fedorenko didn't mention the United States even once during debate on charges of other African nations against South Africa.

One reason for this may have been that the Russians did not want to antagonize the United States while the nuclear test ban treaty was before the Senate for ratification. A more valid explanation given is that the Russians themselves are now concerned about the world-wide nature of the racial issue.

This has been stirred up by the Chinese Communists. In their dispute with the Russians, the Red Chinese have tried to propagandize the idea that they are colored people, too, and that the future struggle for world domination will be the colored races against the whites—including the Russians.

* * *

Washington officials who keep a close watch on United Nations affairs are not deceiving themselves that these warm Russian gestures of friendship indicate a thaw in the cold war.

The big icebreg of Communist opposition is still there. It probably will show through the fog when the $96.6 million U. N. budget for 1964 is presented to the General Assembly for approval. The special session last spring arranged for financing U. N. operations only through Dec. 31, 1963.

The $200 million in arrearages and the possible suspension of voting rights for some members presages a long and bitter battle. Also, the old controversies are still on the agenda—Laos, Cuba, the Congo, Korea.

Memory Lane

By J. R. LOWELL

Ten Years Ago

Six Escanaba women have been assigned to positions in local Girl Scout troops. They are Mrs. James G. Ward Jr., Mrs. Jack P. Williams, Miss Betty Morin, Mrs. Ray LaPorte, Mrs. George Keldsen and Mrs. N. L. Lindquist.

Reconstruction of Manistique's street light system is due to begin this week. Twenty-six 30-foot poles have arrived and will be set up along River St., Cedar St., and Deer St. The line of lights will extend to Chippewa Ave.

A small doe visited Gladstone yesterday and caused much excitement. It was first seen emerging out the McGillis & Gibbs pole yard. Later it was seen along side of Dr. Hult's medical center. It feasted on green beans in the William Krautman garden and when last seen was heading west.

Twenty Years Ago

The Mead Corporation has acquired the Manistique Paper Company's mill and power facilities. Extensive expansion plans are announced.

Francis Cannon was elected president of the Gladstone Hi-Y at a meeting held yesterday afternoon.

Pfc. Edwin Erickson, formerly of the Daily Press staff, writes an interesting letter from Sicily where he is in the thick of the invasion to the Italian mainland.

Thirty Years Ago

The Delta county board of supervisors will meet Sept. 28 to consider a proposal for the enlargement of the Pinecrest Sanatorium.

Negotiations are now underway with the federal government to purchase a large tract of additional acres in Delta County to add to the Hiawatha National Forest.

The Sawyer-Stoll Timber Co. of Escanaba will shortly begin the construction of a new lumber camp near Channing, traversed by the EL&S Railway.

LADIES UP ATTENDANCE

SEMBOR, YUGOSLAVIA (AP)—The Radnicki Soccer Team of this North Yugoslav city tried a new trick to attract more people to its games.

The club announced women would be admitted free.

It worked, officials said. More men came, as paying escorts of women who wanted to see the games free.

Letters To The Press

Contributions to this column are welcome. They should be brief and must be signed, but signatures will be withheld on request.

SCHOOL ELECTION

In Tuesday's Press, an article regarding Monday's election reported that the taxpayers of the area obviously disapproved of the school sinking fund and preferred to pay high interest rates on bond issues. This is certainly far from the actual facts.

It certainly is obvious that the people do not want a two mill sinking fund. Neither does the Taxpayers Association. The August 29th's issue of the Press, the Delta County Taxpayers Association went on record as favoring the sinking fund method, but felt that 2 mills was too much. This organization felt that replacement of the Franklin School and certain other improvements was necessary, but that a smaller millage was sufficient. Also the idea of borrowing money against anticipated sinking fund revenue was definitely a defeat of the sinking fund idea.

Prior to the election this association placed advertisements in the local press advocating a NO vote on the sinking fund only because the requested millage was too high. We still feel that the sinking fund method is the proper and economical one, but the request should not exceed one mill.

We also feel that much more than just superficial planning be done toward getting the most possible building for the least money. Taxpayers are fully aware that other school systems are building schools—good schools—for less money than we. Is not this questionable?

The suggestion advanced by Mr. Bright at Tuesday night's meeting that a portion of the old Wells School could be reactivated is commendable. Mr. Bright stated that there is money available for this purpose and that it would eliminate considerable bussing of children to Escanaba and eliminate some crowded areas. However, we wonder if it isn't possible that some of the school space problem isn't due to the school administrations policy of restricting the number of children per room to too few children. This means more rooms, more teachers, and more operating expense. At times this is unavoidable, but not nearly as much as the present figures indicate.

Inasmuch as all students are being taken care of with the present school rooms, it would be reasonable to assume that the addition of a new Franklin School and use of the old Wells School should be ample for several years. Accordingly, the only immediate need of a sinking fund would be for the construction of a new Franklin School. One mill for four years can accomplish this end.

Local industry is not increasing and neither is our population and there is no reason to expect otherwise for the forseeable future. So let's get down to brass tacks on this school situation and use some good common sense in its administration.

Clarence Moreau,
Secretary Delta County
Taxpayers Association.

GOOD EXCUSE

MIAMI (AP) — Attorney Seymour London failed to appear for a pretrial conference and Circuit Judge Henry Balaban angrily sent court aides looking for the lawyer.

They found London in a courthouse elevator, stuck between floors.

Arbitration Meet Is Held Here; Decision Later

Information on a work stoppage in June at Inland Lime and Stone Co. was taken in arbitration session here Friday by Peter Seitz of New York City. A decision will be announced in a few weeks, it is reported.

The company and Local 4302 of the United Steelworkers agreed on Seitz to arbitrate the dispute over scheduling.

Jack Powell, Negaunee, union international representative, and his assistant, Ernie Ron, presented the union position, along with members of the Local 4302 grievance committee: Harold Carlson, Francis Chartier, William Kleinke, Richard Freeland, and Kenton Billings. John W. Moffat, A. J. Cayia Jr. Dino Pirolo and Don Ott of the Inland staff here and Atty. Henry Tooland of the Chicago office presented the company position.

Memorial Book Is Presented

Junior High classmathe of Robert Mercier have presented a copy of a "History of Popular Music in America," to the Manistique School and Public Library as a memorial to the late Marvin Mercier. The publication by Sigmund Spaeth is good reading; shows how popular songs reflect the sentiments, customs and manners of their times. It contains the most comprehensive list of popular music assembled in print. Music was a hobby enjoyed by Mr. Mercier. The book is available for circulation.

Parenthood Plan For Mink Aims To Double The Births

EAST LANSING (AP)—A team of University of Michigan scientists is working toward planned parenthood for minks.

The researchers discovered that mink breeding dates can be moved forward as much as a month by increasing the number of light hours a day with artificial lighting.

Eventually, by adjusting light and other conditions, they hope to have minks producing two litters of young a year instead of just one. They haven't succeeded so far but have several findings which indicate it might be possible.

One of the findings was that the male mink needs more light than the female to accept an earlier breeding date. The researchers now plan to subject the males to different lighting conditions than the females to try and get both ready for breeding at the same time.

Members of the MSU fur animal project are conducting the research.

Three From U. P. On Parley Program

When President John F. Kennedy closes the Duluth Land and People Conference Sept. 25, the audience will have heard a detailed report of nearly every current recovery project in the northern lake states.

Community leaders from Michigan, Wisconsin and Minnesota will have reported successes and failures at so-called "bootstrap" community betterment efforts. Key participants from the Upper Peninsula will be Lynn Sandberg of L'Anse, Harold Dettman of St. Ignace and Dr. Gene Hesterberg of Houghton.

Many community leaders will testify in workshops or on panels. Community leaders from 81 counties in the three states have been invited to the conference.

Boiler Is Cause Of Home Explosion

BLOOMFIELD HILLS (AP)—An explosion that seriously injured an 82-year-old woman and leveled a $200,000 house in nearby Bloomfield Township Saturday was probably caused by a boiler, Fire Chief Volley Yanuszeski said.

The victim, Mrs. Gertrude Marshall was reported in critical condition at Beaumont Hospital, Royal Oak, Sunday. She suffered a fractured hip and ankle, possible internal injuries and shock.

She was trapped for more than two hours in the rubble of the two-story stone house in the Detroit suburb.

Aids Orientation

HOUGHTON — Gary D. Helms of Escanaba, is one of 58 Michigan Tech students who returned to the campus early to assist with Orientation Week for new students on Sept. 17-21. Helms is a junior majoring in metallurgy at Tech. He is the son of Mr. and Mrs. Dorwin S. Helms of 920 S. 5th Ave., Escanaba.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year more than for all television spot announcements or radio advertising.

MANISTIQUE

Prospects Good For Bird Season

Prospects are good for the coming bird season, Conservation officer Ernest Derwin reports, with more ruffed grouse seen than last year. The season opens Oct. 1 on small game and Oct. 5 on waterfowl. The limit of ducks has been increased this year.

Lloyd Lindvall, U.S. game management agent stationed here reports the season opens at noon Oct. 5 on waterfowl and at sunrise each day thereafter, with hunting to be sunrise to sunset. He urges that state regulations also be checked by hunters.

The season on ducks runs Oct. 5 to Nov. 8 and geese Oct. 5 to Dec. 13. For ducks the daily bag limit is 8 and possession limit 8. For Coots, it is 8 daily and 16 in possession and for geese, five daily bag and five in possession.

No open season is prescribed on canvasback and redhead ducks. The daily bag limit may not include more of the following species than: (a) one hooded merganser; (b) two wood ducks; (c) two mallard or black ducks, singly or in the aggregate of both kinds. The possession limit may not include more than two hooded mergansers, two wood ducks, four mallard or black ducks, singly or in the aggregate of both kinds.

In all states in the flyway, a daily bag limit of five and a possession limit of 10 American and red-breasted mergansers, singly or in the aggregate of both kinds are permitted in addition to the basic limits on ducks, collectively, Lindvall notes.

Seney Wildlife Refuge reports the resident Canada goose population there is 1100 and migrant geese should arrive shortly. It is expected about 3,000 geese will be in the area when the season opens at noon Oct. 5.

Goose hunting in the area around the refuge should be good the opening weekend for those who know where to hunt. Farm fields offer the best opportunities, it is noted.

Resident duck numbers are not high this year but a few migrant birds have started to come and duck hunters should have some fair shooting from time to time, Glen A. Sherwood, wildlife biologist says.

Most duck hunters will be after mallards and black ducks, but with the earlier opening date some blue-winged teal and wood ducks should show up in the bag this year. Some 5,000 ring-necked ducks should be moving into the area soon and may offer some evcellent shooting in the Manistique Lakes area, he said.

Biology Class Will Visit Seney Refuge

An advanced biology class of 24 students in Manistique High School will go to Seney National Wildlife Refuge wednesday.

The students will be accompanied by their instructor, Howard Schwartz and Earl Williamson, who teaches biology and chemistry. They leave at 7 a.m., and will return at noon.

The advanced class is newly organized and is limited to students who earned a B or better in their first year of biology, and those who require it for college studies.

The students have already made a field trip and later it is hoped they can go to the Cusino wildlife station. Possible studies of hospital and other use of science training is also being considered.

School Assembly Set Thursday

Students of Manistique High School will hold their get-acquainted assembly at 10:45 a.m., Thursday for information on various school organizations.

Friday was the deadline on petitions in class elections, which will be held this week.

The California test of mental maturity will be given to the Junior Class this week.

Thompson Club Elects Officers

Mrs. Mathilda McPhail was elected president of the Thompson Extension club at its meeting Sept. 12 at the home of Miss Lena Wager. Other officers elected were Mrs. Kittbell Wihandy, vice president; Miss Wager, secretary-treasurer; and Mrs. LeRoy Babbitt, reporter. Plans were made and projects discussed for future meetings after which lunch was served. The Oct. 2 meeting will be at the home of Mrs. McPhail.

Hospital

Admitted to Schoolcraft Memorial Hospital: Claudine Brain, Germfask; Bonnie Mercier, Nahma; Vernon King, Gulliver, Howard Brower, McMillan; Elizabeth Purtill, 700 Range. Discharged were Wilfred Farley, Gail Farnham and baby, Harvey Saunders, William Houghton, William Aldrich and Robert Labadie.

LCW Units Meet Tuesday

Units of LCW of Zion Lutheran Church meet Tuesday as follows: Sarah Unit, 2 p.m., Augustana Hall with Ralph Ekstrom as devotional leader at 8 p.m., Priscilla at the home of Mrs. Robert Jetty with devotional leader, Mrs. Eugene Carlson; Esther at the home of Mrs. Anderson, Gulliver with devotional leader, Mrs. Verner Nelson; Ruth Unit, Augustana Hall, potluck lunch. Devotional leader will be Mrs. George Cornell. Martha Unit meets Wednesday at 2 p.m. at the home of Mrs. Richard Bjorkman, 227 Lake St. Assisting hostess will be Mrs. Lyle Smith with devotional leader, Mrs. Ethel Nelson.

Jehovah Witness Supervisor Coming

Ronald T. Soliday, circuit supervisor for Jehovah's Witnesses will be here Sept. 17-22, Arvid Carlson, presiding minister, reports. A ministry training school will be held at 7:30 p. m., Tuesday and Wednesday through Sunday will be devoted to field ministry. Saturday evening a half-hour Bible discussion is scheduled at 8 p. m., and Soliday will speak. A public talk will be given at 3 p. m., Sunday and congregation Bible study follows. The meetings will be at Kingdom Hall, 851 Garden Ave.

Briefly Told

The Parents' Club of the Lancer Drum and Bugle Corps will sponsor a bake sale Friday, Sept. 27, at the Maytag Store. Mrs. George Tufnell, chairman, has announced the following committee: Mrs. Milo Jones, Mrs. Calvin Jenerou and Mrs. Donald Martin. Mrs. Joseph LaMuth is telephone chairman. The sale will begin at 9:30 a. m. All parents are to contribute.

Rev. Nelson D. Cushman, former Manistique resident, submitted to back surgery Sept. 9 in Pontiac General Hospital. His home address is 3030 28-Mile Road, Romeo, Mich.

Elizabeth Purtill was taken to Schoolcraft Memorial Hospital at 11 p. m., Friday.

A car driven by Richard C. Reilein, 21, of Aurora, Ill., was damaged in a collision with Jack Williams, 60, of Manistique on U. S. 2 at 6:35 a. m., Sept. 13. Public Safety officers said Williams was about to turn left on Mackinac and the small Reilein car went around him. Both were travelling west on U. S. 2.

State Police ticketed Donald L. Banfield of Houghton for speeding.

Social

Luncheon

Mrs. Mrs. Nancy Novak of Saginow, former resident, was hostess at a luncheon meeting in Arrowhead Inn Friday afternoon. A fall motif was used. Guests were Mesdames Earl Cox, Lawrence Gorsche, Vernon Linderoth, Dan Estren, Ronald Hoholik, George Schweikert, Sherman Dewey Jr., and Mrs. Matie Charrey, of Saginaw. Mrs. Novak and Mrs. Charrey were house guests of Mr. and Mrs. E. D. Branyan for a short visit.

Personals

Mr. and Mrs. Earl Cox returned from Lansing, Grand Rapids and Frankfort where they spent a week visiting friends and relatives.

CATHOLIC INFORMATION SERIES

will be conducted by
St. Francis de Sales Parish, Manistique,
Tuesday evenings at 7:30 P. M.
beginning Sept. 17th.

A series on instruction classes for adults in the teachings and practices of the Catholic Church. Everybody welcome. For further information call 341-5355.

U-M Claims Lead In Research Gain

By AL SANDNER

ANN ARBOR (AP)—Michigan is about to touch off a research explosion that will be heard in Massachusetts and California, the University of Michigan predicts.

Other leading state schools are optimistic about Michigan's future as a research center, but nowhere is the enthusiasm as positive and energetic or the optimism as bright-eyed as it is at the U-M.

"We may have been a little slow getting started," said Ralph A. Sawyer, U-M vice president for research, "but I think we've reached a 'critical mass.'"

Sawyer calls Ann Arbor "the most rapidly growing research area in the United States." U-M President Harlan Hatcher predicts it will rival the centers surrounding the Massachusetts Institute of Technology, the University of California, Stanford University and the California Institute of Technology in 10 years.

"From a percentage standpoint, you are seeking a more rapid rate of growth here in Ann Arbor right now than at the other big centers," he added.

Funds Increase

The amount of government and privately sponsored research here has increased 12 times in the past six years—reaching $36 million in 1963.

California received some $300 million — "but we're ahead of of them, if you discount the funds they get to manage federal research facilities," Sawyer said.

Michigan has distinct advantages over both coasts, Sawyer said. One is the presence of heavy industry in its own back yard, "while Massachusetts and California don't and can't have it because of their non-central locations," he added.

Research in the state "is remarkably diversified... almost any industry coming in here can find something it needs," he added.

The university's growing reputation and its constant invitations to industry to use the resources of the Institute of Science and Technology are paying off, officials said.

Thirty-one research and development laboratories have been established in Ann Arbor in recent years—12 of them "spin offs" from university research projects.

The Ann Arbor Research Park, with two occupants, offers space for future growth.

As far as industrial location goes, we're doing all right," Sawyer said.

In addition, the National Aeronautics and Space Administration is planning a $1.75 million laboratory and the Department of Health, Education and Welfare is planning a $2 million water pollution laboratory on the university's growing North Campus.

Other state institutions point to their own long lists of research projects—from the agglomeration of iron ore to the role of brain chemicals in body growth.

Potential Great

Milton E. Muelder, vice president for research development and dean of the School for Advanced Graduate Studies at Michigan State University, said he feels that "the research potential of Michigan is greater than generally realized.

"Michigan State has had a long and proud history of research, particularly in the biological sciences," he said. "The University of Michigan enjoys a national reputation for research in a large number of fields, and Wayne State University is making rapid progress."

MSU, with an emerging science campus of its own, engaged in 1,600 projects, at a cost of $9.13 million last year, and its research program is growing at the rate of 10 per cent a year.

Wayne State spent $5.7 million for research last year, "and present indications are that the growth rate is in the order of 15 per cent, although this may be even higher for the next year," said Randall M. Whaley, vice president for graduate studies and research.

The Michigan College of Mining and Technology at Houghton, famous for research in earth sciencs, spent $625,000 on more than 100 research projects last year, and estimates of its growth rate range from 20 to 40 per cent, said Vice President E. T. Williams.

Red Cross

GRAND RAPIDS (AP) — Some 600 delegates are scheduled to attend the Red Cross state convention here Sept. 20-21 with Robert M. Pierpont, deputy national director of disaster services for the American National Red Cross as principal speaker.

Classified Ads Cost Little But Do A Big Job

Expect Good Grouse Season

Michigan's ruffed grouse and woodcock hunters can look ahead to next month with high hopes of having another good season, according to the Conservation Department.

Although summer brood counts indicate that grouse may be just starting on the way down in their cyclic pattern of highs and lows, hunters are expected to take about 500,000 "pats" this fall.

Last season's kill approached 550,000, highest since 1953.

A harvest of some 200,000 birds is forecast in the Upper Peninsula. Brightest prospects are in the region's central counties where brood counts are well above a year ago.

Michigan hunters could well top their 1962 harvest of 118,500 woodcock which set a nation-wide record. Spring surveys pointed to a 15- per cent jump from last year in the state's woodcock population.

Department men reported moderate increases among these birds in the Upper Peninsula where kill totaled 16,450 woodcock last year and in the Northern Lower Peninsula which yielded a harvest of some 53,300 "timber doodles" during the 1962 season.

Texan Will Head President Drive Of Romney Group

DETROIT (AP) — Paul O'Rourke, a Republican party leader in Texas and the Southwest, will act as campaign adviser for the George Romney for President movement, the movement's Michigan chairman said.

Henry F. Nephew of Wayne said he learned of O Rourke's decision to act as campaign adviser in a telephone conversation with George Zimmerman of Dallas, national chairman of the movement.

Gov. Romney has not encouraged the movement. He has said he will not be a candidate for the GOP presidential nomination in 1964.

Nephew said he received the Michigan chairmanship from Zimmerman Thursday. He said the Romney booster movement now has clubs in eight Michigan cities and he is working to organize more. Response has been enthusiastic, he said.

Dodge Introduces New Engine For Freeway Driving

DETROIT (AP) — Dodge introduced a new engine designed especially for freeway driving and a new sport model this weekend as it showed off its 22-model 1964 lineup, which goes on sale Friday.

The Golden Anniversary Dodge, built on a 119-inch wheelbase, is about two inches longer than last year's model and the styling emphasis is on width.

The front has a massive wraparound bumper and a wide grill of thin, verticle lines. The rear wheels have been moving two inches farther apart.

The new engine, a 426-cubic inch V-8, is one of six engines offered in the 1964 Dodge line. Horsepowers range from 145 to 425.

Dodge says the new single four-barrel carburetor engine is designed to meet high-performance requirements without the need of extra servicing usually associated with high-tuned engines.

Michigan Appointee

MINNEAPOLIS (AP)—Harry E. Boyes of WION, Ionia, Mich., has been appointed Midwest regional vice president of the Radio and Television News Directors Association.

The boardwalk at Asbury Park, N.J., is 85 feet wide in places. Rocking chairs are placed at strategic locations.

SUMMER SNOWSTORM?—No, that white stuff covering the landscape near Lake Michigan in western Michigan wasn't dropped by a late-late (or early-early) blizzard. It's sand, and the roads are part of the spanking new Benton Harbor-to-Holland Freeway, which was being readied for its opening to traffic.

Lobster Has No Retirement Fear

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Few lobsters have old age problems. Only one in a million baby lobsters manages even to reach maturity.

Perry Como and Enrico Caruso had this in common—both worked as barbers before becoming singers.

Big earthquakes are unusual, but little ones are commonplace. Our globe has litterally thousands of them every day, most of them too small to be detected except by a sensitive seismograph.

Charles Darwin once said that man, with the possible exception of the elephant, is the only creature that sheds tears in sorrow. But some people cry when they eat. Apples and chocolate are among the foods that sometimes cause the shedding of tears.

Attention, skin divers who wear false teeth: Your problem is discussed in a U.S. Department of Commerce publication entitled "Underwater Swimming."

Here's bad news for pedestrians—The country now has 85 million motorists.

Our quotable notables: "To me—old age is always 15 years older than I am!"—Bernard Baruch.

Bubbly peril: Many a man thinks he is safe from becoming an alcoholic if he never drinks alone—or if he consumes only beer, and not hard liquor. Dr. Jackson A. Smith, Nebraska psychiatrist, warns that both these assumptions are false.

Geographical oddity: There's a Huntley, Ill., and a Brinkley, Ark.

Parental puzzle: Comedienne Marion Powers says one of the great mysteries of life is how the boy who wasn't really good enough to marry your daughter can become the father of the smartest grandchild in the world.

Israel is one land where you can always find a doctor when you need one. It has a physician for ever 420 people the world's highest ratio.

Pest population: It is estimated there are 170 million rats in the United States — not counting the ones you can probably name personally.

New Marshall

GRAND RAPIDS (AP) — Appointment of John Beatty Jr. as chief deputy U.S. marshal here to succeed Roswell Russell, who is retiring after 24 years of federal service, was announced Friday by U.S. Marshal Floyd Stevens. Beatty, former city police officer, joined Stevens' staff in November 1961.

Party Reservations

Those planning to attend the Highland Club public card party Thursday evening, Sept. 19, are reminded to make their reservations not later than Wednesday, with Mrs. C. E. Johnson, Mrs. Harry McPherson or at the club house. Reservations also are required for all members and their guests for the Wednesday evening dinner at the club.

Club Group Will Attend U. P. Meeting

Mrs. Jean Cote, president of Escanaba Woman's Club, Mrs. Tom Irish, corresponding secretary, Mrs. William Durkin, who is district treasurer, and Mrs. O. W. Brookes, 1st vice president, will represent the local organization at the U. P. District Federation meeting in Ironwood.

They are leaving Wednesday morning for the two day sessions. Mrs. Lucille Strom of Ironwood is district treasurer.

Installation At Meeting Of Immanuel Women

The I.L.C.W. will hold a general meeting Tuesday at 7:30 p.m.

The new officers for the year will be installed by Pastor Gordon Thorpe.

They are: president, Mrs. Carlton Johnson; vice president, Mrs. Arnold Anderson; secretary, Mrs. Lee Patterson; treasurer, Mrs. Victor Peterson; educational secretary, Mrs. Arthur Carlson; Stewardship secretary, Mrs. Orville Jensen; nominating committee, Mrs. Frank Pascal, Mrs. Stanley Jefferson and Mrs. Leo Londo.

Program is in charge of the Ethel unit and the hostess unit is Inga

Observance Of Jewish Holiday Begins Wednesday

Rosh Ha-Shono, the Jewish New Year, begins at sundown Wednesday, Sept. 18 and concludes at sundown Friday. Orthodox and Conservative Jews observe two days for this holiday.

Rosh Ha-Shono services will be held in Escanaba at Carpenters' Hall commencing at 7 p. m., Wednesday and will be conducted by Dr. A. W. Soffer of Chicago for members of the Jewish faith.

According to the Jewish calendar, the year is 5724 and is traditionally dated from the creation of the world. It is one of the most sacred days of the Jewish religious calendar. It begins the ten days of Penitence and Prayer which end with the Day of Atonement. It is the period to improve his relationship with man and the Almighty. He examines his past conduct in the light of his religious teachings. If he has wronged, he will ask to be pardoned before he can approach the Almighty in prayer and petition.

The ritual stresses the mercy and loving-kindness of the Eternal God. The symbolic blowing of the Shofar, or ram's horn is in accordance with the Biblical precept, and is intended to carry home to every Jew, the aspect of the festival's meaning. In a period when the role of the individual is minimized, the New Year's festival speaks to man of the dignity and integrity of the human soul, to arouse him from indolence and indifference to serve under the banner of truth and Justice, security and peace.

Rosh Hashana Cake Part Of Holiday Menu

By GAYNOR MADDOX
Newspaper Enterprise Assn.

Mrs. S. K. asks for a recipe for Jewish honey cake. "I had it once at the home of Jewish friends who were celebrating their New Year or Rosh Hashana."

We refer Mrs. S. K. and everyone interested in Jewish food for Rosh Hashana (next Thursday, Sept. 19), or for any other Jewish holiday to "Israeli Cookery" by Lilian Cornfeld. It is expert, complete and historically interesting.

Miss Cornfeld, Canadian-born nutritionist, dietitian and home economist, has lived in Israel for nearly 40 years, taking active part in nutrition and food organizations. She writes in her "Israeli Cookery," "It is customary to serve foods cooked in honey for a sweet, good year." A hearty meal of fish and meat, vegetables and fruits is served. A typical menu:

Fish in Lemon with Pine Nuts
Chicken Soup
Roast Duck—Rice
Eggplant Salad—Cucumber Salad
Cakes in Honey Syrup
Wine, Nuts, Dried and Fresh Fruits

This recipe for honey cake comes from a Jewish friend of ours who says it is her grandmother's:

Honey Cake With Nuts

1 cup honey
1 cup sugar
5 egg yolks
5 egg whites
1 cup cold coffee
1 teaspoon vanilla
½ pound ground walnuts
½ teaspoon ground cloves
3 cups flour
1 teaspoon baking powder
1 teaspoon baking soda

Mix honey and sugar well. Add egg yolks. Keep mixing while adding the cold coffee, vanilla, walnuts and cloves. Mix thoroughly. Sift together flour, baking powder and soda. Add to first mixture. Fold in 5 well-beaten egg whites. Bake in moderate oven (325 degrees) for 1 hour.

State President Will Visit Eagles Auxiliary

Vera Allen of Warren, president of the Michigan State Eagles Auxiliary, will visit the Auxiliary of the local Aerie Wednesday evening, Sept. 18.

Invitations to attend the meeting have been extended to Auxiliary units of Menominee, Marquette and Iron River.

A smorgasbord will be served at 6:30 for Auxiliary members and will be followed by a meeting and a social.

Mrs. Ruth Elworth is chairman of arrangements, assisted by Mesdames Grace Olson, Delina Mongrain, Anna Bichler, Marie Winchester and Elfreda Wickholm.

Luncheon Meeting For Presbyterian Women Tuesday

A luncheon meeting at 1 p. m., Tuesday, Sept. 17, will open the fall season's activities for members of the Women's Association of First United Presbyterian Church. Members of Circle 6 will be hostesses.

Guest speaker will be Marinus Spaans of Holland, whose topic will be "The Relationship of School, State and Church."

Mr. Spaans is an English teacher in his native land and is a member of the Reformed Presbyterian Church of Holland.

A question and answer period will follow his talk.

All women of the church and their friends are invited.

John Lemmer PTA Opening Meeting This Evening

John Lemmer PT.A. first meeting of the year will begin at 7:30 this evening in the school multipurpose room. Parents will have an opportunity to visit class rooms for one half hour preceding the meeting.

Dr. William Hemes, local optometrist, will present on informative program on "Vision and Its Contribution to a Child's Success in School." Assisting Dr. Hemes will be Dr. David A. Jondrow of Gladstone.

A panel type discussion is planned.

Dr. Hemes and Dr. Jondrow have presented this program to groups throughout the peninsula and parents are urged to take advantage of this worthwhile information.

Coffee will be served after the program.

September is PTA membership month and membership cards will be available at the door.

Senior Citizens Meet Wednesday

The Senior Citizens Social Club, now beginning its second year, will open its regular fall program at a meeting Wednesday at 7:30 p.m. at Club 314. Mrs. Peter Logan is president of the organization.

Autumn Dinner Dance At Highland Golf Club

An important affair of the coming weekend will be the Highland Golf Club autumn dinner dance which will be held Saturday evening, Sept. 21, at the club house. The affair is open to members and guests.

A cocktail hour will begin at 6:30 and will be followed by dinner and dancing to orchestra music.

The committee for the evening will be members of the board of directors and their wives, Mr. and Mrs. Merton Jensen, Mr. and Mrs. Edward McCarthy, Mr. and Mrs. Einar Beck, Mr. and Mrs. Leo Brunelle, Mr. and Mrs. Burl Barnhart, Mr. and Mrs. George Walter, Mr. and Mrs. James Douglas, Mr. and Mrs. Hazen Hengesh and Robert Boucher.

Reservations are to be made not later than Thursday, Sept. 19, by calling the Hazen Hengesh home or the club house.

Ann Landers

Boy Wishes He Had Parents

Dear Ann Landers: I am a teenage boy who wants to say something to that loud-mouthed kid who said he didn't see any sense in honoring his parents just because they happen to be older. He said his parents are stupid jerks and so are the parents of most of his friends.

I don't have any parents to honor, but if I did I would honor them plenty. My dad was killed in an accident when I was 11 years old. He was the greatest guy who ever lived. He was only 35 years old when he died but I'm thankful I had 11 years with him.

My mom died last summer. I don't think the ache in my heart will ever go away. She was a truly wonderful woman.

So please, Ann Landers, print this letter so other kids can see it. Let them know they are blessed if they have their parents. And tell them for me that if they are smart they will honor their parents while they are still on this earth. I wish I was so lucky. — FIFTEEN AND ALONE

Dear Fifteen: I wouldn't atempt to add a single word to what you have written. Thank you, Son. I wish you were mine.

* * *

Dear Ann Landers: A good friend of ours has taken up painting as a hobby. She says it is much cheaper than psychoanalysis and it is doing her twice as much good.

Yesterday she brought over an enormous canvas, expensively framed. It looks like a bull ape from one angle and an abandoned copper mine from the other. It could be hung upside down or sideways and no one would know the difference. She had the nerve to say it was her impression of me. My wife couldn't stop laughing.

I don't want to hang the monstrosity but my wife says it would be a terrible insult if we didn't hang it — especially after she went to the trouble of having it framed especially for our living room. If you think this is a gag let me assure you it is not. I would like your frank opinion. — B.D.O.

Dear B.D.O.: The picture sounds like a great conversation piece and I hope you will hang it, at least for a while. A sense of humore is what separates man from bull apes and copper mines.

* * *

Dear Ann Landers: May I have just a few inches of your valuable newspaper space to get across a point I had to learn the hard way? It is simply this: The wife who chews at her husband, nags and criticizes him will surely drive him away. No wife ever got love or attention by demanding it.

I married at 19 — and there was no greener, more stupid, more self-centered girl in the world than I was. My husband was an attractive, somewhat serious type who was struggling in the academic field. I felt he was not paying enough attention to me and I accused him of being unfaithful.

I kept him up late at night, questioning, arguing and attacking. He seldom answered, nor did he attempt to defend himself. One day he quietly told me that I had completely destroyed his love for me and suggested that I file suit for a divorce. I was certain he had another woman (I was wrong) and we split up.

Now eight years later I am 80 years wiser. I'm about to marry a perfectly wonderful man and this time I am going to make home a comfortable and delightful place to be. A place where he will find joy, contentment and peace. — LESSON LEARNED

Dear Lesson: Thanks for sharing your experience with us. Yours is a letter which should be clipped and referred to often by young wives who are having husband trouble.

* * *

Are your parents too strict? You can benefit from the experiences of thousands of teenagers if you write for ANN LANDERS' booklet, "How To Live With Your Parents," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Don't cover those green peas until several minutes after they have started boiling for the best preservation of their green color.

GLADSTONE

Logging Truck Without Brakes Rolls On Turn

Robert Iverson, 22, of Rte. 1, Escanaba, escaped serious injury when the logging truck he was driving rolled over on County Road 513, near the intersection of U.S. 2, at 9 a.m. Saturday. He sustained a laceration to the top of his head.

According to State Police, Iverson was driving the stake truck north on County Road 513 and as he neared Highway U.S. 2 he went to apply his brakes and found they were not working.

Police said Iverson told them that in an attempt to keep from running through the intersection he swerved to the left into a parking lot at Scott's Motel, but in the process the truck rolled over.

Extensive damage was done to the truck. Iverson was ticketed for defective brakes.

Rural Youth Reported Missing

Police officers are seeking the whereabouts of 15-year-old Jack Dacon of Rte. 1, Escanaba, who is reported missing from his home since last Friday.

The youth is described as being 5-feet 5-inches tall, weighs 130 pounds, has blonde hair and blue eyes. When last seen he was wearing a red plaid shirt, black zipper jacket and blue trousers.

Anyone having information as to the whereabouts of the youth is asked to call a police agency.

Chicago Proves Packers Human

GREEN BAY, Wis. (AP)—The Green Bay Packers are human after all. They've been stripped of any invincibility tag.

The Packers' mighty offense stalled and the defense had its hands full as the Chicago Bears upset the defending National Football League champions 10-3 Sunday in a 1963 opener before a packed crowd of 42,327.

"Both teams were ragged, but we had nothing going," said Green Bay Coach Vince Lombardi, whose charges lost only one of 15 outings en route to a second straight NFL title last year.

Chicago Coach George Halas called the victory "one of the greatest team efforts I've seen," but admitted he feels the Bears can play better.

The Bears were fired up after eight straight league and exhibition losses to the Packers in pro football's oldest rivalry. They got a 32-yard field goal by Bob Jencks in the first period and a touchdown plunge by Joe Marconi in the third quarter and let their defense take care of the rest.

The Chicago defenders did their job in amazing fashion, picking off four passes and recovering a fumble while becoming only the second team to stop the Packers without a touchdown in four seasons. It also marked the Packers' first defeat in Green Bay since a 17-1 loss to Chicago in the 1960 opener.

Green Bay's vaunted running attack netted only 77 yards—53 by Jimmy Taylor in 12 attempts and 2 by Tom Moore in nine carries.

Briefly Told

The August Mattson Post 71, American Legion, will meet at 7:30 this evening.

State Police of the Gladstone Post issued the following traffic court summonses over the past weekend: Gary Robbins, 823 Ludington, speeding; Darrell Butler, Rte. 2, Bark River, speeding; and Bert Williams of Blackwell Ave., Gladstone, defective equipment.

Merl Hoverman, 56, of 410 S. 11th St., Gladstone reported to State Police that he struck and killed a deer on U.S. 2, two miles west of County Road 503, at 7:30 p.m. Sunday. Hoverman said the deer jumped from the north side of the road into the path of his car and that he was unable to avoid hitting the animal. The Conservation Department was notified.

The Women's Missionary Society of the First Baptist Church will meet in the church parlors at 2:30 p.m. Wednesday. Mrs. August Anderson is the hostess. Members and friends are invited to attend.

England Is Next For U. S. Netters

DENVER (AP)—Dennis Ralston and Arthur Ashe Jr. completed a mopping up operation Sunday and United States swept past Venezuela without losing a set 5-0 in the 1963 Davis Cup American Zone finals at Cherry Hills Country Club.

A crowd of 1,700—largest of the three-day competition — watched the temperamental Ralston hold off Iyo Pimentel 18-16, 9-7, 6- after Ashe had taken just 6 minutes to trounce Orlando Bracamonte 6-1, 6-1, 6-0.

Crusaders Win Third In Row

Menominee Bows 13-0 In First Grid Clash

By RAY CRANDALL
(Press Sports Editor)

MENOMINEE — The Holy Name Crusaders stepped on Walton Blesch Field for the first time in history here Saturday night and packed off an impressive 13-0 victory over the Menominee Maroons.

Coach Bill Earle's gridders chalked up their third straight triumph of the campaign with a standout defensive effort and a solid ground attack. The schools were meeting on the gridiron for the first time.

Bill Curtis, nimble footed halfback, led the Crusader running game with 102 yards in 14 trips. Quarterback Frank Trotter directed the offense in flawless fashion, gaining 82 yards on sweeping keepers and hitting two of seven passes for 17 yards to keep the Maroons honest. Fullback John Quinn punched out 37 yards in a dozen carries while Tom Meinz and Jim Berish combined for 33.

The Crusader defense zeroed in on Maroon quarterback John LeBouton and held the slippery little back to 29 yards in 12 carries. Gary Gignac led Menominee's ground game with 53 yards in seven trips.

Crusaders Have Edge

The Maroons were able to advance the pigskin only 104 yards on the ground and LeBouton hit on four tosses for 24.

Holy Name piled up 254 yards rushing, hitting both ends with sweeps for the major portion of the yardage. The Crusaders ran up 17 first downs to six for the Maroons.

Curtis and Quinn slammed out the Crusader touchdowns and both barely beat the scoreboard clock. Quinn tallied with 24 seconds remaining in the first half and Curtis with 30 seconds left in the game.

Holy Name's defense was superb, stopping five separate Menominee scoring threats in the rugged game. Three times the Crusaders took the ball away on downs, once they hopped on a fumble and another time they intercepted a pass.

The teams knocked heads in a scoreless first period in which the Crusaders drove to the Menominee 21 with the opening kickoff and the Maroons lost possession on downs on the Holy Name 29.

Menominee lanced deep into Holy Name territory in the second period but Tom Bartel covered a fumble by Gignac on the Crusader nine yard line to end the drive.

Long TD March

The Crusaders ripped back on a 91 yard TD march with Curtis, Quinn and Trotter carrying the mail. Quinn charged off left tackle for the final four yards and Berish booted the point to put Holy Name ahead 7-0.

The teams exchanged punts until late in the third period when Menominee drove to the Holy Name 32 before being battered into submission by the Crusaders' rugged defenders.

A holding penalty shoved Holy Name backwards and Curtis was jolted loose from the ball with LeBouton recovering on the Holy Name 29.

The Maroons picked up a first down on the Holy Name eight yard line but the Crusader defense stiffened again and held on the one, with the right side of the line stopping LeBouton's drive just short of the goal.

Holy Name then marched the length of the field to beat the clock for the final touchdown. Trotter mixed his strong running game with two short passes over the middle to Mike LaFleur and Frank Stupak.

Alpena Is Next

Trotter swept the Maroon ends for gains of 24, 9 and 3 yards to cross midfield and punched twice more to the 18. From there, Curtis took a pitchout and sprinted down the right sidelines to paydirt. The attempt for the extra point failed and Holy Name led 13-0.

Menominee's desperate efforts to come back in the closing seconds failed.

Big factors in the Holy Name defense included Eugene Fregetto, George Harvey, Jim Villeneuve, Clarence Ehlers and Bill Menard.

The Crusaders return to action in a home stand Sunday, Sept. 22, against downstate Alpena Catholic Central.

In junior varsity action Saturday Menominee defeated the Holy Name Bee team 27-13.

Last-Second TD Upsets Rock In Football Opener

ROCK — The defending Wolverine Conference champion Rock Little Giants were nipped 12-8 by a fabulous last second touchdown drive by Pembine in the 1963 seasin opener here Saturday.

The Little Giants, controlling the ball, drove to the Pembine 12 yard line with less than two minutes remaining in the game, but failed to gain a first down and lost possession.

Bill Gahling, Pembine quarterback, fired strikes to move the Panthers to midfield and with 29 seconds remaining hit Barry Venstra with a touchdown bomb to wipe out an 8-6 Rock lead.

Coach Roman Gill's gridders trapped Gehling in the end zone for two points in the first period, Mike Ruotsala and Don LaCosse leading the charge.

Pembine recovered a Rock fumble in the third period and Gehling passed 15 yards to Venstra for the first TD of the game. George Micheau blocked the PAT attempt and Pembine led 6-2.

Rock came back to score in three plays. Mike Kulack raced 51 yards on a quarterback keeper to give Rock its 8-6 lead.

Pembine, held to seven yards rushing, took to the air lanes to complete 11 of 29 passes for 144 yards. They had one pass intercepted and lost the ball once on a fumble.

Rock rolled up 194 yards rushing and hit on two of 10 passes for 25 yards. The Little Giants lost three fumbles. Robert Maki gained 89 yards in nine carries and Kulack 74 in 10. Rock had six first downs to Pembine's two.

Rock travels to Bark River-Harris for its next conference start Friday afternoon.

Dodgers, Cards Will Battle In Head-On Feature

By MIKE RATHET
Associated Press Sports Writer

"We've been fortunate in the past. When we play a bad game we turn around and beat someone pretty good," said Los Angeles Manager Walter Alston.

"I can't think optimistically or pessimistically about the pennant race. When you meet head on, anything can happen regardless of how good you're going," said St. Louis Manager Johnny Keane.

They said it Sunday after the stage was set for the beginning of a three-game series tonight at St. Louis between the first-place Dodgers and second-place Cardinals that likely will determine the National League pennant winner.

Alston said it following a 6-1 loss to Philadelphia in which three passed balls, a couple of mental lapses and the five-hit pitching of the Phillies' Dallas Green left the Dodgers with a mere one-game lead over the surging Cardinals.

Keane said it after Lew Burdette's six-hit pitching and Ray Sadecki's five-hitter gave St. Louis a 3-2 and 5-0 doubleheader sweep of Milwaukee, their 10th straight victory and their 19th in 20 games in a bid to overhaul Los Angeles.

The Dodgers, who led by seven games on Aug. 30, have 12 games remaining. The Cardinals, who have lost only one game since Aug. 30, have 10 left. They're all even in victories, with St. Louis two games back in the lost column.

The pitching rotation looks like this for the three-game series:

Los Angeles—Johnny Podres, 13-10; Sandy Koufax, 23-5, and probably Pete Richert, 5-1.

St. Louis—Ernie Broglio, 16-8; Curt Simmons, 15-7, and Bob Gibson, 18-8.

While the Dodgers and Cardinals were in the spotlight Sunday, Cincinnati's John Tsitouris three-hit the Chicago Cubs 3-1, Willie Mays hit his 35th homer as San Francisco walloped Pittsburgh 13-5 and Houston took a pair from the New York Mets 5-4 and 5-0.

Green, a rarely used right-hander brought his record to 6-4 against the Dodgers, allowing the only run on a homer by Tommy Davis in the fourth inning. The Phillies already had put it out of reach when they got to Don Drysdale, 17-17, for two runs in the first inning on a single by Tony Taylor, his steal of second, Johnny Callison's single, a bunt single by Wes Covington and Roseboro's first passed ball.

Two more passed balls by Roseboro, a late throw by Ron Fairly on a sacrifice and Roy Sievers' home run led to the rest of the runs.

The Cardinals came off a nine-game winning streak and now have a 10-game string. In the last eight games, the pitching staff has come up with five shutouts.

"We're ready as we ever will be," said Keane.

Church Dartball Meeting Tuesday

The Delta County Women's Dartball League will hold an organization meeting Tuesday, Sept. 17, at the Reorganized Church of Jesus Christ of Latter Day Saints at 8 p. m.

Representatives of league teams are asked to attend and any new teams interested in joining the circuit are invited.

New officers for the year are Mrs. John Lake Jr., president; Mrs. Peggy Berglund, vice president; Mrs. Robert Rivard, secretary, and Mrs. Charles VanDeWeghe, treasurer.

Coach Red Hickey of the San Francisco 49ers, calls Kermit Alexander, No. 1 draft choice from UCLA, "the finest all around back in the country for 1962."

Newberry Cracks Victory Column Against Negaunee

NEWBERRY — Coach Art Allen's Newberry Indians exploded into the victory column in Great Lakes Conference football warfare here Saturday with a 20-7 triumph over the Negaunee Miners.

After bowing to Gladstone 53-27 in their season opener, the Indians shook the wrinkles out of their game to slam out an impressive victory over the Miners.

Big John Hendrickson, 180 pound senior, scored twice and halfback Alan Bitely, 145 pound speedster, tallied once for the Indians.

The teams battled through a scoreless first period before the Indians got their first big break, recovering a fumble on the Negaunee 33. Hendrickson dented the goal line on a 25 yard run after taking a pitchout from quarterback Gary Aho. The try for the extra point failed and Newberry led 6-0.

The Indians drove 50 yards in the final three minutes of the half with Bitely splitting right tackle to go 13 yards to paydirt. Hendrickson's run for the point made it 13-0.

Neither team scored in the third and Negaunee cut Newberry's margin to 13-7 when Roberts plunged over from the three yard line early in the fourth. Baldini ran the extra point.

Midway through the final period the Indians pulled out of reach with the final TD. Larry Erkintalo set it up with a 50 yard sprint and Hendrickson rolled 17 yards to paydirt. Aho ran for the point to make it 20-7.

The Indians invade Escanaba Saturday afternoon for their next start.

Tigers Win Grid Opener

POWERS-SPALDING — Coach Gordy LeDuc's Powers-Spalding Tigers opened their Wolverine Football Conference slate here Saturday with a 13-0 triumph over Bark River-Harris.

Paul Behrend scored both the Tiger touchdowns, racing 17 yards from scrimmage in the first period and 40 yards with an intercepted pass late in the fourth quarter.

The Tigers threw up a strong defense, headed by Jerry Nowack and Paul Behrend, to hold the Broncos to a net gain of five yards on the ground. Coach Carlton Roels' Broncos connected on eight of 14 passes for 43 yards but had four intercepted.

The Tigers picked up 88 yards on 36 carries and hit on one of two pass attempts for 10 yards. They had one toss intercepted.

The Tigers return to action at Pembine next Saturday. Bar River-Harris hosts Rock Friday.

Northern, Tech Grid Teams Downed In Season Openers

By The Associated Press

Michigan teams took a beating from their out-of-state rivals in the first big weekend of small college football.

Only Hillsdale and Ferris State were winners among the nine state colleges which kicked off their 1963 gridiron campaigns.

A pair of fourth quarter touchdowns lifted Hillsdale to a 21-6 victory over Findlay of Ohio Saturday night, while Ferris downed Wisconsin's Milwaukee branch 18-6 behind the fleet-footed running by Emery Welsh.

The Dales also were the only winners among the three state schools who played their season openers in Michigan. Central Michigan, playing host to Bradley at Saginaw, bowed to the Illinois team 12-6, and Northern Michigan lost a close one to State College of Iowa 12-11 at Marquette.

In games out of state, Franklin of Indiana defeated Olivet 13-7; Bluffton of Ohio downed Alma 38-8; Ashland of Ohio rolled over Hope 24-0; Superior State trounced Michigan Tech 13-6, and Ohio Northern whipped Northwood Institute 24-6.

Hillsdale built up a 7-0 halftime lead over Findlay when fullback Willie Jones climaxed a 37-yard drive with a three-yard run in the second quarter. In the final minutes quarterback John Lucadam sprinted four yards into the end zone, and quarterback Ron Hughes passed to end Max Stokes on a 27-yard scoring play.

Welsh scored Ferris' first touchdown 10 minutes after the opening gun with a 70-yard punt return. Two minutes later he scored again on a four-yard plunge around right end.

Central Michigan's lone touchdown in its loss to Bradley came in the second period which substitute quarterback Pat Boyd and tailback Larry Moore clicked on a 73-yard pass play. Bradley halfback Mel Bailey scored two second half TDs on short plunges to help the Braves break a six-game CMU winning streak.

Northern Michigan's defeat at at the hands of State College of Iowa was the Wildcats' first loss at home in 17 games. Northern's Terry Nyquist booted a 25-yard field goal for the only first half scoring. Bouncing back after two Iowa touchdowns, the Wildcats tallied on a three-yard run by Dennis Gorsline with a minute and 30 seconds remaining, then attempted two long passes from their own 40 before time ran out.

Olivet's lone score in its loss to Franklin came on Tony Grimaldi's 14-yard touchdown ramble in the game's first six minutes.

Bluffton's Paul Etter passed for four touchdowns in leading his team to victory over Alma. The Scotts' only marker came when Jim Johnston returned a kickoff 85 yards in the first quarter.

Hope's flying Dutchmen had their wings clipped by Ashland, rolling up only 150 net yards for the Ohioans' 356. Gary Moose ran for two Ashland touchdowns.

Superior State held Michigan Tech scoreless until the final period when fullback Ron Matestic smashed over from the one yard line, climaxing an 83-yard march by the Huskies.

Northwood trailed Ohio Northern by only one point, 7-6, at the intermission but a third quarter touchdown and 10 more points in the final period sealed the verdict for the Ohioans.

Ford Ready Now For World Series

By JACK HAND
Associated Press Sports Writer

Whitey Ford is ready any day the Dodgers and Cardinals get things settled. If the Dodgers win, he and Sandy Koufax will open the World Series. If the Cardinals prevail, Ford's Yankee Stadium opponent Oct. 2 probably will be Curt Simmons.

Ford proved Sunday that he is primed for his usual October exercise. The New York Yankees' ace threw a two-hitter at the Minnesota Twins for his 23rd victory, 2-1.

Financially speaking, Ford and the Yanks undoubtedly would vote for a rich series with Los Angeles and its big ball park. However, the possibility of a head-to-head joust with the fearless St. Louis club and a dramatic final appearance for Stan Musial must be alluring.

No matter who wins the National League, the Yankees aren't going to let any rust develop after their early pennant clinching in the American League. The defeat dropped Minnesota into third place behind Chicago, whose game at Washington was rained out.

Baltimore edged Detroit 2-1, although the Orioles were victims of the first triple play in the league since 1960. Felix Mantilla's two-run homer off John Wyatt enabled Boston to down Kansas City 5-3. Cleveland beat Los Angeles an Bo Belinsky 6-3.

The Cardinals drew to within one game of the Dodgers in the National by beating the Milwaukee Braves twice 3-2 and 5-0 while Philadelphia was knocking off Los Angeles 6-1. San Francisco downed Pittsburgh 13-5, Cincinnati topped Chicago 3-1 and Houston swept a pair from New York 5-4 and 5-0.

Ford has won six in a row and has equalled Koufax's total for the season. The victory was No. 100 for the Yanks, four more than they won last year with 10 more games to go.

Chuck Brookes, right, leading ground gainer in Escanaba's 13-6 victory over Stephenson Friday night, follows fullback Terry Dufour's blocking in a running play. Dufour heads for Stephenson's Tom Raboin to clear the way for Brookes. (Menominee Herald Leader Photo)

Soo Ground Troops Beat Braves, 19-13

By RAY CRANDALL
(Press Sports Editor)

GLADSTONE — The Gladstone Braves had the aerial bombs but the Soo Blue Devils won the war with foot soldiers here Saturday in a battle between a pair of Great Lakes Conference powers.

Soo won its third straight game of the season 19-13 and continued to share first place in the GLC race with Escanaba. The setback was Gladstone's first this year after two earlier successes.

Coach Don Pfotenhauer's Braves found a chink in Soo's pass defense in the first half and struck for a pair of aerial touchdowns. Quarterback Jay Knutsen hit halfback Dan Schram with the payoff plays covering 27 and 64 yards.

Soo Defense Tough

After a stuttering first half, Soo found itself to completely dominate the action through the last two periods.

The Blue Devils won the game with a fabulous defense that blanked the Braves in the second half. Gladstone backs failed to gain a yard rushing and failed to hit on six pass attempts in the third and fourth quarters.

Soo had a wide edge in the statistical department, gaining 287 yards and 17 first downs on the ground. Coach Adolph VanCitters' gridders tried only four passes and completed one for 10 yards. The Braves gained 45 yards in 25 carries and added their two touchdown completions off nine attempts for 91 additional yards.

Halfback Tom Payment was Soo's most productive runner, gaining 133 yards in 20 trips with the ball. Andy Benson and Don Kucharczyk both topped the 50 yard rushing mark. Schram carried the ball 16 times and picked up 35 of Gladstone's 45 yards on the ground.

Braves Score First

The Braves, playing before a capacity house in perfect football weather, wasted no time in getting down to the business at hand. They took the opening kickoff and drove it home in nine plays. Schram ran the ball five straight times before Knutsen took to the air with a pass that was intercepted. Interference wiped out the Soo break, however, and Mike Gobert plunged into the line to move the ball to the Soo 27. Schram cut behind Soo's deep men and Knutsen lofted a pass that caught the Blue Devils flat-footed. Tom Domres booted the extra point to make it 7-0.

The teams exchanged punts until early in the second period when Soo went for a first down and failed on the Gladstone 36.

On the next play, Knutsen dropped back again, spotted Schram behind the Soo pass defenders, fired a strike and the Braves had a 64 yard touchdown and a 13-0 lead.

Soo gave an indication of things to come by driving 70 yards in nine plays, all on the ground, with Benson shooting over from the four yard line off right tackle. The half ended 13-6 after Soo's Dennis Porter had dropped a pass from Williamson in the Gladstone end zone.

Soo took the second half kickoff and kept the ball for 20 plays in an 82 yard TD drive. The Braves put up a determined defense led by Tom Domres, Emery Dault and Bruce Heslip but they couldn't stop the Blue Devil advance. Williamson sneaked over from the one to cap the drive that took 11 minutes, 5 seconds. Knutsen blocked Porter's kick for the extra point and the Braves led 13-12.

Brave Drive Bogs

The Braves made a bid to pull out of reach early in the fourth quarter but a drive bogged on the Soo 35.

Soo moved back across the midfield stripe but fumbled and the Braves took over on their own 39. Two plays later Schram fumbled and Jerry Lackey recovered for the Blue Devils.

That was the break Soo needed and the Blue Devils drove over for the winning touchdown in six plays. Big play in the march was a 20 yard gain by Williamson on a bootleg to his left after faking a handoff to Payment. Benson went over from the 10 and Payment ran the extra point to put Soo ahead 19-13 with four minutes remaining.

Gladstone took to the air but failed to click and lost possession on its own 34. Soo lost the ball on downs on the Braves' 25 and Gladstone had time to try four more passes, but again failed to connect.

Dartball

The Escanaba Tavern Dartball Assn., opens the season with practice games tonight at 8.

Oklahoma won its last seven football games in 1962 then bowed to Alabama, 17-0, in the Orange Bowl.

Happy Lions Get Outside Help As NFL Slate Opens

By JERRY GREEN

DETROIT (AP) — It was a great weekend for rebuilding confidence — for the Lions and the rest of the National Football League as well.

"I didn't feel our confidence was down, but if it was this should bring it back," said Coach George Wilson Sunday after the Lions returned home from Los Angeles and their opening 23-2 victory over the Rams.

"That made it a nice Saturday night for us — and it was a pretty good Sunday, too. Too bad we didn't get a weekend like this last year. We'd have won the championship."

Getting some other team to help Detroit by beating the champion Green Bay Packers was something Wilson yearned for all through the 1962 season. It never happened and only the Lions could do it on Thanksgiving. It wasn't enough.

Packers-Lions Sunday

But right on the first weekend of the new season, the Packers were proved human after all by losing to the Chicago Bears 10-3. The Lions play their first game with Green Bay next Sunday. The stung Packers should be spewing fire.

"Our club's not afraid of Green Bay," said Wilson. "The trouble was the other clubs in the league were. They didn't have any confidence against Green Bay like we did.

"They thought of Green Bay as unbeatable. Well, no club is unbeatable and Chicago's beating the Packers should prove that to the entire league.

"The next two games will be rough for us, playing Green Bay and Chicago. I know the Packers will be pretty sore. But we'll be up, too, just from last year."

The Lions, their morale sagging from atrocious pre-season performances and threats of fines by Wilson for curfew-breaking, redeemed themselves masterfully Saturday night in Los Angeles.

"The whole difference between the pre-season and this was, this was a league game and the players realized it," said Wilson. "That was more than what I'd said to them.

Defense Was Fine

"The defense was fine. We stopped them twice inside the 10 yard line, which is pretty tough. The pass defense was a big thing with the four interceptions.

"And our offense wss pretty good, too."

Flanker Terry Barr's knee held up strongly and he made pass catches that set up two of the Lions early scores.

Engadine Beats Soo Bee Squad

ENGADINE — The Engadine Eagles swamped Soo's Jayvees 26-0 for their first victory of the season here Saturday.

Coach Rod Carlson's gridders battled through a scoreless first half before clicking.

Norman Germain scored all four of the Engadine touchdowns in the third and fourth frames. He took a pass from Dick Salter covering 35 yards and Bill Burton booted the point to make it 7-0.

Germain recovered a Soo fumble in the end zone and took a pass from Richard Ozanich for the point to make it 14-0.

Late in the third Ozanich hit Germain with a seven yard payoff pitch to make it 20-0.

Ozanich repeated to Germain on an eight-yarder to close out the scoring in the fourth.

The Eagles completed 12 of 23 passes for 146 yards and gained 44 in 21 carries. Ozanich hit on 10 of 20 earials. Defensive standouts included Burton, Steve McQuire, Lee Miller, Gordon Boucha and Jack Archie.

Mighty Packers Defeated 10-3 In Pro Grid Opener

By BOB GREEN
Associated Press Sports Writer

"They beat us."

Jim Ringo said it, the first time such a phrase had been uttered in a Green Bay Packer home dressing room in three years.

"We had nothing going," said Coach Vince Lombardi. "We couldn't even get our hands on the ball. We were lucky to get away 10-3."

That was the score by which the Chicago Bears upended the mighty Packers in the surprise of the day as the National Football League got off to its 44th season.

Otherwise, it was business as usual for such standouts as Jim Brown and Y.A. Tittle. Brown ran for 162 yards and scored three times in the Browns' 37-14 romp over Washington before 57,618 in Cleveland and bald, ol' Y. A. passed for three touchdowns and ran for another in New York's 37-28 comeback over the Colts before 60,029 in Baltimore.

Minnesota came from behind and edged the 49ers 24-20 in San Francisco and Pittsburgh had to settle for a 21-21 tie in Philadelphia when Lou Michaels blew a potential tie-breaking conversion. in other Sunday games.

Detroit blasted the Rams 23-2 at Los Angeles and St. Louis upset Dallas 34-7 on the Cowboys' home field in Saturday night encounters.

In the American Football League, Houston edged Denver 20-14 and San Diego got by Boston 17-13 Saturday, and Oakland beat Buffalo 35-17 Sunday. Kansas City and New York were idle.

The big bomb was dropped in Green Bay. The powerful Packers, gunning for a third straight league title and beaten only once last season, never got untracked against the Bears' crushing defense.

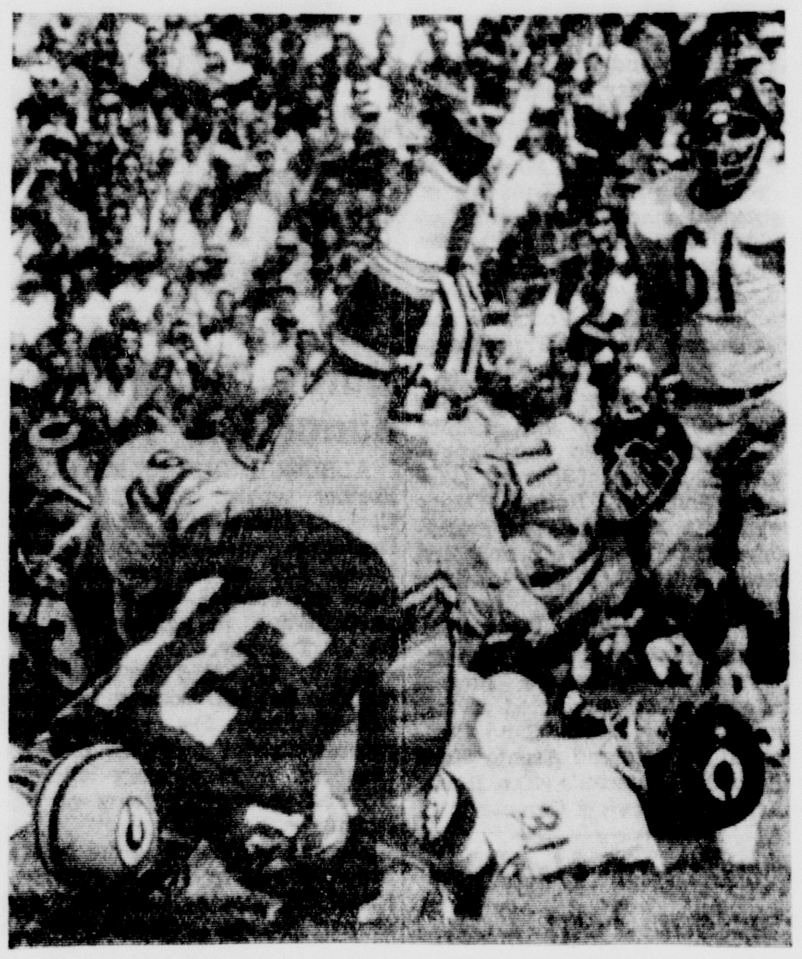
The Bears picked off four Bart Starr passes, limited the Packer quarterback to 11 completions in 22 attempts for 73 yards and held the vaunted Packer ground game to 77 yards, 53 in 12 attempts by Jim Taflor.

The Bears' Bob Jencks kicked a 32-fard field goal and the Packers' Jerry Kramer matched it from 41 yards out, both in the first quarter. The Bears broke the tie in the third period with Billy Wade directing a 68-yard march and passing them into position on the one. Joe Marconi rammed over from there.

Brown, a five-time rushing leader, who relinquished the crown to Taylor last year, had a field day against the Redskins. He averaged 10.8 yards on 15 carries, caught three passes for 100 yards, scored on runs of 80 and 10 yards and took an 83-yard pass for another touchdown.

Frank Ryan riddled the Redskin secondary, completing 21 of 31 passes for 334 yards and two touchdowns. Washington equalled a league record with George Izo combining with Bobby Mitchell on a 99-yard scoring pass.

The Eastern Division champion Giants fumbled and bumbled their way to a 21-3 deficit early in the first period before the 36-year-old Tittle took charge. He passed for three touchdowns to pull the Giants to within four points, 28-24, at halftime, then loped nine yards for a third-period touchdown that put the Giants ahead to stay.



Fullback Jim Taylor of the Green Bay Packers picks up five yards in the first quarter before being upended by Bennie McRae (26) and Joe Fortunato (31) of the Chicago Bears at City Stadium in Green Bay Sunday. (AP Wirephoto)

Wheeling Trims Grand Rapids

GRAND RAPIDS (AP) — Quarterback Tom Kennedy passed for three touchdowns Sunday night and the United Football League champion Wheeling, (W. Va.) Ironmen defeated Grand Rapids 20-7 for their third straight victory of the season.

The game was the home opener for Grand Rapids, last year's western division titlist, and marked its third consecutive loss.

Wheeling broke into the scoring when Kennedy connected with a 10-yard pass play to Tom Bland with nearly seven minutes gone in the first quarter. The Kennedy-Bland combination struck again on a play covering 48 yards, putting the Ironmen ahead 14-0 with 18 seconds left in the half.

In the third quarter, Kennedy combined with end Bill Barber on an 81-yard pass play.

The sole Grand Rapids score came in the final minutes when quarterback Larry Harp passed 25 yards to fullback Jim Edwards.

Norm Shepard has coached Harvard baseball teams since 1955.

Tigers Execute Rare Triple Play But Orioles Win

By JERRY GREEN

DETROIT (AP)—"All of a sudden it was all over and there wasn't anybody on base."

That was Norm Cash's reaction to the triple play his alertness started Sunday. It was the first triple play since 1960 in the American League and the first by the Tigers since 1951.

"I looked around and the umpires went 'out, out, out' and that was it," said the Detroit first baseman.

It was a beautiful display of precision—except that it came too late. The triple play snuffed out the Baltimore Orioles' only scoring inning. But the Orioles already had scored twice before the fifth-inning triple play and the two runs stood up for a 2-1 victory.

The loss, coming despite the triple play and Frank Lary's three-hit pitching, was a painful one for the Tigers. It badly hurt their chances of overtaking the Orioles and finishing fourth in the American League.

Lary Rescued

With 12 games left, the Tigers trail the Orioles by $4\frac{1}{2}$ games in the skirmish for the last money spot.

Lary had wild pitched home the second run and the Orioles were threatening to rout him when the triple play rescued him.

Al Smith was on second and Bob Saverine, possibly the league's swiftest runner, on first as Milt Pappas went to the plate with instructions to bunt.

"I was trying to bunt toward third base," said Pappas, a winning pitcher for the fourth time over Detroit. "But the pitch was high and outside and I hit it toward first instead."

Cash Hits 29th

Cash, expecting a bunt, dashed in and caught the ball on a line. Ignoring catcher Gus Triandos' directions to throw to first, Cash whirled and fired to second. Shortstop Dick McAuliffe was there to retire Smith. McAuliffe's relay to second baseman Don Wert covering first trapped Saverine by 45 feet.

The Tigers' only run came on Cash's 24th homer in the fourth. Jim Gentile matched it in the fifth for Baltimore's first run. Brooks Robinson walked and advanced to third on Smith's single. Robinson scored the winner when Lary uncorked his wild pitch.

Al Kaline's bum right knee continued to bother him. Dressen said he's ready to take Kaline out of the lineup whenever he asks him. Kaline said he doesn't want to come out until he gets four more runs batted in for a season total of 100.

Sunday Kaline went hitless in four at bats, getting robbed of hits twice on hard shots. His average dipped to .309 and he's given up all hope of catching Boston's Carl Yastrzemski for the batting title. Kaline has fallen to fourth place in the race.

Even Stan Musial Has Bad Case Of Pennant Fever

By JOE REICHLER

ST. LOUIS (AP) — Pennant feverish St. Louisians, excited by the Cardinals' spectacular September surge, were singing "The Yanks Are Coming" today. They didn't mean the Dodgers, who arrived to engage the red-hot Redbirds in a vital three-game series opening tonight that could decide the National League pennant.

The reference, of course, was to the World Series with the American League champions, so sure were these mad Missourians that their beloved Redbirds were going to overtake Los Angeles.

Not since 1942 when the Cards roared from behind to overtake the Dodgers has this city seen anything like this. The swirl of excitement caused by this unbelievable stretch run that has produced 19 victories in 20 games and trimmed the Dodgers' first place lead from seven games to one, has even engulfed the normally phlegmatic Stan Musial.

"What do you think? What do you think?" Musial kept asking visiting reporters who had come from all parts of the country to ask exactly that question of Stan The Man.

"I've never been on a club that has won 19 of 20 before," said the 42-year-old super star whose Cardinal years date back to 1941.

The Dodgers were anything but red hot compared to the sizzling Cardinals, who extended their latest winning streak to 10 games Sunday with a 3-2 and 5-0 sweep of the Milwaukee Braves, behind the excellent pitching of veteran Lew Burdette and young Ray Sadecki.

Walt Alston's faltering first placers dropped a 6-1 decision to Philadelphia giving them only a split in the four-game series with the Phils. Although they've won 12 of their last 18, they have given up six games to the Cards during that stretch, enough to cause the Dodgers to recall last year, when they allowed a four-game lead to dissipate in the final week of the campaign.

Keane's pitching selections remained according to plan. Righthander Ernie Broglio (16-8) and 2-2 against the Dodgers, will pitch tonight. He will be opposed by southpaw Johnny Podres, (13-10) and 0-1 against the Cards.

Punter Important To Georgia Tech

By The Associated Press

When you've got a wet field, a slippery football and Billy Lothridge, the solution is simple: You give him the ball and tell him to kick it.

He did, often and well, and made the difference as Georgia Tech booted Florida 9-0 Saturday an got the major college football season off to a soggy start.

The do-everything quarterback punted seven times, averaging 42 yards and keeping Florida backed to the wall. And his 35-yard field goal late in the first half broke a scoreless tie and was all the margin Tech's stubborn defense needed.

Florida was held to a minus five yards rushing, 41 passing and was penalized 75 yards in the only major college game of the week.

The season gets off to a full start this week with Southern California opening defense of its national championship at Colorado.

The mighty Trojans, who swept through a tough, 10-game schedule unbeaten last season, then fought off Wisconsin 2-37 in the Rose Bow, are favorites to repeat.

Southern Cal polled 3 first place votes from an Associated Press panel of 55 sportswriters and sportscasters as the team mot likely to come out on top.

On the basis of 10 points for a first place vote, nine for second, eight for third and so on, the Trojans had 8 votes. The rest of the top ten, in order, were: Mississippi, Alabama, Oklahoma, Texas, Northwestern, Wisconsin, Arkansas, Navy, Ohio State and Washington, the latter two tied for 10th.

In addition to Georgia Tech's victory, some of last Saturday's major games included Buffalo's 3-0 romp over Gettysburg, New Mexico State's 21-0 blanking of Eastern New Mexico, Richmond's 10-7 edge over East Carolina, Furman's 17-0 victory over Davidson, Xavier's 9-7 loss to the Quantico Marines, and a 31-8 rout of Georgetown by Emory and Henry.

Mrs. Bergstrom Rites Wednesday

Funeral services for Mrs. Christeen Bergstrom, 75, former Bark River resident, who died Saturday at her home in Berwyn, Ill., will be held Wednesday at 2 p. m., at Salem Lutheran Church, Bark River, with the Rev. Frank E. Peterson officiating. Burial will be in Bark River Cemetery.

Friends may call at the Boyle Funeral Home in Bark River after 2 p. m., Tuesday.

Mrs. Bergstrom, widow of Carl Bergstrom, was born, Christeen Erickson, in Sweden April 18, 1888 and came to the United States at an early age with her parents, who settled in Gladstone.

Her husband died in 1944.

Surviving are two sons, Louis and Kenneth of Berwyn, three grandchildren and one sister, Mrs. Anna Erickson of Los Angeles.

Four Killed And 30 Hurt When Ferris Wheel Collapses

SAN DIEGO, Calif. (AP)— At least five Mexicans were killed and 30 were injured when a ferris wheel collapsed Sunday night at a fair in Tijuana, Baja California, police said.

A doctor at Miguel Aleman Hospital said a woman seven months pregnant died while doctors operated to save her baby.

Six persons were reported seriously hurt with injuries ranging from broken legs and arms to severe cuts and bruised limbs.

The ferris wheel was spinning approximately 30 persons high above the crowd when one of the seats fell out of its sockets.

The owner, his son and the operator of the wheel were in custody.

VP Lyndon Johnson Is Visiting Iceland

REYKJAVIK, Iceland (AP) — U.S. Vice President Lyndon B. Johnson arrived today at this Atlantic alliance island outpost for a 10-hour windup of his goodwill tour of Scandinavian countries.

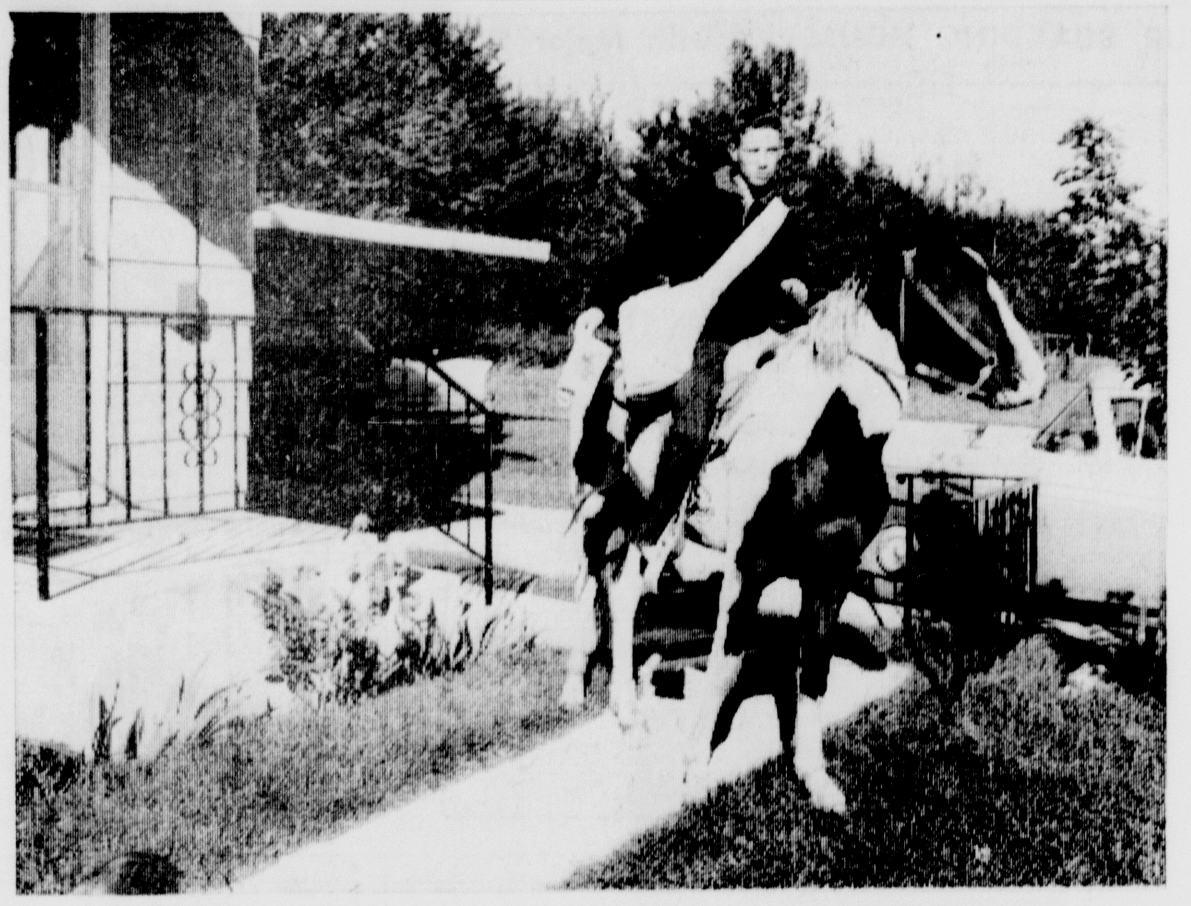
On departing Copenhagen, he had termed his visits to Sweden, Finland, Norway and Denmark a success.

His plane touched down in heavy rain at Keflavik base, 30 miles from this capital. Within minutes, he was whisked by helicopter to pay an official call on President Asgeir Asgeirsson at his Bessastadir residence outside Reykjavik.

American Defector Seeks Forgiveness

LOS ANGELES (AP)—Scott L. Rush, a former Army sergeant who defected to the Chinese Communists 10 years ago in Korea, arrived at Los Angeles Sunday—happy and expressing confidence that Americans will forgive him.

"The American people are very democratic," said Rush, 31. "I think they will be willing to forgive if a person wants to change."



Steve Hansen, Daily Press newspaper boy at Soo Hill, saved earnings from his Press route for the past three years and bought what he has always wanted — a horse and saddle. Now he delivers the Press western style. Steve is 14 and the son of the Walter Hansens of Soo Hill. (Daily Press Photo)

Big Frost Hits; Gogebic Potato Harvest Earlier

MARQUETTE — Heavy frost early Friday will play a big role in the potato harvest in Marquette County this month.

County Extension Director Melvin N. Nyquist of Marquette said the heavy frost, which came about a week or 10 days earlier than generally expected, will stop the growth of potatoes in practically all places in the county.

Only places where the vines were not hit by the frost were on slopes where there is good air drainage.

"However, we anticipate a rather good yield anyway," Nyquist said.

He said he went over about 10 hills in the Republic area with various farmers and they discovered that around 90 per cent of the potatoes uncovered would qualify as U.S. No. 1 potatoes.

A U.S. No. 1 potato has to be more than an inch and seven-eighths in diameter, so that it won't fall through that size screen, and be free of blemishes.

Nyquist said the temperature plunged to 20 degrees in the Republic area.

State Flier Missing Off Puerto Rico

SAN JUAN, Puerto Rico (AP) —Capt. Harry A. Ellico, 29, of Bay City, Mich., was listed as missing Sunday when his F-86 jet fighter of the Puerto Rican Air National Guard crashed into the Caribbean 35 miles off the southwestern tip of Puerto Rico.

A spokesman for the Air National Guard said Ellico was on a routine training mission. Searchers had found no trace of Ellico by nightfall. Ellico had been based in San Juan since last spring.

Aged Pedestrian Killed By Car

Mrs. Mae Lewis, 77, of 1108 Sheridan Road, died from injuries sustained when she was struck by an automobile as she stepped from a curbing in the 1000 block of Washington Ave. at 11 a. m. today.

She was pronounced dead on arrival at St. Francis Hospital

Escanaba City Police, who investigated the accident, said they were told that Mrs. Lewis stepped from the curbing into the path of a car traveling north which was driven by Kurt K. Kickbusch, 18, of Rte. 1, Cornell.

No tickets were issued in the accident. Mrs. Lewis' death brings Delta County's total traffic fatality to 11 for 1963.

Realtors To Hear Harold Clingerman

Harold Clingerman, regional representative of the National Association of Real Estate Boards, will be in Escanaba on Friday, Sept. 20, for a conference with local realtors and board officers, said M. E. McCornock, president if the Upper Peninsula Board of Realtors.

Clingerman will speak to the Board at 3 p. m. at the House of Ludington. McCornock has arranged for a conference with board officers, directors, committee chairmen to begin at 2 o'clock.

A staff member of the Department of Board Services, Clingerman travels from the headquarters office of the National Association in Chicago. He has more than 25 years experience in both rural and urban real estate, is a former Nebraska real estate commissioner, and is a past president of the Lincoln Board of Realtors.

Oils, Loans, Motors Gain In Irregularly Higher Stock Quotes

NEW YORK (AP) — International oils, savings-and-loans and selected motors made gains in an irregularly higher stock market early this afternoon.

Trading was fairly active as the market opened the session with prices firm on balance, then moved ahead slightly on balance.

Some profit taking in recent high flyers and an indifferent performance by steels, airlines, tobaccos, electrical equipments, utilities and electrical equipments kept the lid on the market.

The Dow Jones average at noon was up 1.76 at 741.89.

The Associated Press average of 60 stocks at noon was up .5 at 281.0, with industrials up 1.0, rails up .1 and utilities up .1.

Royal Dutch, Texaco and Getty were up about a point each.

Financial Federation gained about 2.

Studebaker was every heavily traded, rising another fraction. Chrysler advanced more than a point, General Motors a fraction.

Gains of about 2 were made by Eversharp, IBM and Control Data.

Losses of a point or more were taken by Polaroid, U.S. Smelting, Electronic Associates and High Voltage Engineering.

Prices on the American Stock Exchange were mixed.

Corporate bonds nudged higher. U.S. government bonds showed little change.

Briefly Told

The Wait Watchers T. O. P. S. Club will meet Tuesday at 7:30 p. m. at the V.F.W. Hall.

Jefferson PTA will have its first meeting of the year this evening at 7:30 at the school.

North Star Lodge will meet Wednesday at 8 p.m. at the North Star Hall.

Retail Clerks Local 1627 will resume regular meetings tonight at 7:30 at Carpenter's Hall.

Escanaba Aqua-Nuts Water Ski Club will hold an important meeting Wednesday, Sept. 18, at 7:30 p. m. at the John A. Lemmer School, Nomination of officers is scheduled.

The Delta District of Michigan Practical Nurses Assn., will meet Wednesday at 7:30 p. m., at the home of Mrs. Robert Grabowski, 816 N 20th St. The Regional Conference will be discussed.

The former Women's Terrace Thursday 9 p. m., Bowling League will meet Thursday, Sept. 19, at 7:30 p. m., at the Chamber of Commerce. All women interested in bowling may attend.

Edwin C. Putnam, Disabled American Veterans field service officer for the Upper Peninsula, will interview veterans at the Escanaba City Hall from noon to 3 p. m., on Sept. 23.

Final practice sesions before the Delta County Sportsmen's Club trap and skeet championship shoot next Sunday will be tonight and Thursday. Shooting tonight will start at 6 and continue to dark. Both trap and skeet will be shot tonight.

Escanaba firemen were summoned to the Gustafson Oil Co., on the North Bay Shore at 11:20 a. m., Sunday where fire of unknown origin damaged the roof. The firemen at 8:30 a. m., today were called to the Glen Johnson home, 405 S. 8th St., where a defective toaster was burned. There was no other damage.

Stephenson

Bus Mirrors

All school buses in the Stephenson Consolidated School District have been equipped with special cross-vision safety mirrors which are mounted on the front. The mirrors will enable the driver to see the road directly in front of the bus.

And I made him talk to the whole class, Grandpa!

It doesn't have to be a Broadway opening to make news. Putting on a puppet show for the third grade is pretty interesting to grandparents. Little things are always big news to those who love you. When those important little things take place, PHONE THE FOLKS LONG DISTANCE.

LONG DISTANCE IS THE NEXT BEST THING TO BEING THERE

Rates on many calls within Michigan are now lower than ever. Why not call tonight?

MICHIGAN BELL TELEPHONE COMPANY

Carl Johnson Dies Suddenly

Carl Werner Johnson, 44, of 1801 16th Ave. N., died suddenly upon admittance to St. Francis Hospital Saturday at 9:45 a. m.

Mr. Johnson was born Aug. 8, 1919 in Felch and was married in 1945 to the former Esther Eliason. Besides his membership with Christ the King Lutheran Church and the Elks Club he was active in veterans organizations as a disabled American veteran of World War II. He was a member of the local Amvets, American Legion, Veterans of Foreign Wars, Disabled American Veterans and Delta County Veterans Trust Commission.

Survivors include: his wife; two daughters, Carolyn and Esther Jean, at home; two step-daughters, Mrs. Edward (Sharon) Garcia Jr., and Mrs. Ronald (Mary Sue) Smith, Escanaba; two grandchildren; his parents, Mr. and Mrs. Victor Johnson and two brothers Arne and Jack all of Gladstone.

Friends may call at the Anderson Funeral Home after 4 p. m., today where complete funeral services will be conducted at 1:30 p. m., Tuesday. Rev. Erland Carlson will officiate and Archie Wood will conduct veteran's rites. Burial will be in Lakeview Cemetery.

Sparkman Urging Nuclear Test Ban

(Continued From Page 1)

raised by Sen. Smith, Sparkman quoted testimony by Secretary of Defense Robert S. McNamara.

"The absence from our arsenal of a bomb greater than the one we can build under the treaty will not impair the effectiveness of our strategic forces," Sparkman said.

'There Are Risks'

"Even after a Soviet strike the total surviving U.S. strategic nuclear force will be large enough to destroy the enemy."

He added that supporters recognized "there are risks in this treaty."

Also speaking in favor of the treaty was Sen. Maurine Neuberger, D-Ore., who said that the "mother's vote" supports the treaty as a method for curbing radioactive fallout. But she denied this support was based on sentimentality or a lack of concern for national security.

The 11 senators who told The Associated Press they were not yet ready to announce positions included six Democrats and five Republicans.

American Liner Is Still Tied Up

NEW YORK (AP) — National Maritime Union officers meet today to decide whether to extend the tieup of the luxury liner America to any of 53 other United States Lines' ships.

The America, second in size only to the S.S. United States in the nation's maritime fleet, is docked here. Her regular transatlantic voyage has been canceled in a dispute over alleged racial-religious discrimination by one of her officers.

Community College Sought In Berrien

STEVENSVILLE (AP) —The Berrien County Board of Education has scheduled a public meeting today to set up a citizens' action committee to start a drive for a Berrien County Community College. Ralph Lehman, Board chairman, said the group may ask a mid-November vote on the subject.

Carl A. Hatch

Hatch Act Author Burial On Tuesday

ALBUQUERQUE, N.M. (AP)— Former senator and U.S. Judge Carl A. Hatch, the New Mexico Democrat best known for the Hatch Act which prevents millions of federal employes from participating in politics, will be buried Tuesday.

Hatch, 73, died at an Albuquerque hospital Sunday following a long illness. He resigned as a federal district judge in 1962 because of a respiratory ailment. He had served 12 years on the bench.

He was appointed to the federal bench in 1949 by former President Harry S. Truman, a friend and former Senate colleague. Hatch served in the Senate almost 16 years.

During his years in the Senate, he played major roles in early atomic energy policy, labor legislation, public lands policy and was an early supporter of an international peace organization idea which was to give birth to the United Nations.

4 Detroit Drivers Finish In Top Ten

DAYTON, Ohio (AP) — Four Detroit drivers were among the top 10 finishers in the 11th annual Dayton 500 Late Model stock race race Sunday.

Virgil Barbe finished second behind Keith Ploughe of Indianapolis, with Virgil Stockton placing fourth, Don Schisler, eighth and Clyde Parker, ninth.

Bark River

PTA Meeting

The first meeting of the Bark River-Harris PTA will be held Wednesday, Sept. 18 at the elementary school. Mrs. Carl Ahlin will give a report on her attendance at Camp Shaw this summer.

Extension Club

The Wilson 47 Extension Club will meet at the home of Mrs. Kenneth Kane, 205 S. 19th St., at 8 p. m., Thursday, Sept. 19. The program will be on potato cookery.

Kills Bear

Edward Polka shot a 150-pound bear in his cow pasture at dusk Saturday. The animal had been seen several time at the farm, located north of Wilson along the Soo Line Railroad tracks. Polka had been searching for a cow and her new-born calf when he spotted the bruin.

Newberry

Births

A son, Edward Everett was born Sept. 14 to Mrs. Edward Fair and the late Mr. Fair. The infant was born in Tahquamenon General Hospital at 7:32 a.m. and weighed 8 pounds and 13¾ ounces.

Mr. and Mrs. Clifford Skeans of Hulbert are the parents of a girl born Sept. 14 at 8:19 a.m. in Tahquamenon General Hospital.

Briefly Told

Mr. and Mrs. Warren West operators and owner of the Evening Star motel on S. Newberry Ave., left for Hartsville, Ohio, where they will be fore the winter.

Admitted to the Tahquamenon General Hospital over the weekend were: Murial Crawford, Timothy Lou Troop, and Dennis Charles Archey.

Rhoda Circle of Bethlehem Lutheran Church will meet in the parsonage Tuesday at 7:30 p.m. with Mrs. Evert Torkko as hostess. Priscilla Circle will meet at 7:30 p.m. with Miss Tino Heino at her home at 506 Charles Rd.

Fear For Safety Of Boys Missing Here 27 Hours

(Continued From Page 1)

State Police) and one from K. I. Sawyer Air Base.

State Police Trooper J. Rohwetter Jr. of Marquette with a tracking dog arrived early today

A squad of State Police skin divers arriverd at 11:30 a.m., summoned through Sgt. Hugh E. Pope of the Gladstone Post. Sheriff Cully Johnson and his men manned boats and grapnel for dragginb the yacht basin—a weedy and difficult bottom to search.

One of the reports received by police was that two boys, garbed as were the two missing lads, had been seen sitting on the end of the "L" Dock in the yacht basin about 1 p.m. Sunday.

The hunt was concentrated in the yacht basin area beginning shortly before noon today, although officers continued to check out leads elsewhere as reports were received.

Personals

Mr. and Mrs. Carl Harrington have returned to their home in Daytona Beach, Fla., after a two month stay in the Upper Peninsula. They rented a trailer at Au Train Lake near Munising and spent much of their time in Escanaba at the home of Mrs. Henry Nerbon, 716 1st Ave. S. Mrs. Harrington is a sister of Mrs. Nerbon.

Airman 2/c William Abbott, a 1960 graduate of Escanaba High School, home on a 30-day leave, is preparing to leave for Oscon, Korea, where he will report to the 6314th Support Wing. For the past three years he has been at Webb Air Base in Big Springs, Texas, assigned to the 3560th pilot training wing. He is the son of the Dean Abbotts, Bark River.

Sally Anderson, daughter of Mr. and Mrs. Axel Anderson of 316 N. 11th St., has returned to Marquette where she will enter her senior year at Northern Michigan University.

Discuss Council For U. P. Groups

Educators and industrialists from throughout the Upper Peninsula met in the Chamber of Commerce Building this morning as a planning committee to explore the possibilities of forming a council of manufacturers and industrialists.

Russell W. Adams, director of business and industrial services at Northern Michigan University, chairman of the meeting, said the proposed plan would broaden the participants knowledge of other projects being conducted in the U. P.

He said that along this line of thinking it has been suggested that the annual U. P. Exposition, held at Marquette each year, place stronger emphasis on the entire Upper Peninsula by recruiting more industrialists into the program.

Attending the meeting, which was expected to continue until 3 p. m. were: John Warden of U.P. Power; Ray Fish, plant manager of Harnischfeger; Ray Brisson of Lo-Dall, Norway; Frank Hoholik, president of Manistique Pulp & Paper Co.; William Caley, plant manager for Signal Electric, Menominee; Richard Burnett, vice-president of Edison Sault Electric Co., Sault Ste. Marie; Frank Anible, Ironwood; Aren Ervast, industrial agent for the Michigan Department of Economic Expansion; William Wilson of Operation Action, Marquette; Claude A. Bosworth, vice-president of Northern Michigan University; Harold Fisher, business consultant, Northern Michigan University; and Charles Follo, Escanaba, representing University of Michigan Extension Service.
